STRATEGIC REPORT

Financial summary			
Total Return	Year to 31 July 2025	Year to 31 July 2024	Percentage (decrease)/ increase
Total return (£'000)	101,359	121,160	(16.3%)
Return per Share	255.75p	301.45p	(15.2%)
Total revenue return per Share	(1.54p)	1.42p	(208.5%)
Dividend per Share	28.00p	21.00p	33.3%
Capital	As at 31 July 2025	As at 31 July 2024	Percentage increase
Net assets attributable to equity Shareholders ⁽ⁱ⁾ (£'000)	413,128	334,099	23.7%
Net asset value ("NAV") per Share*	1,077.29p	831.24p	29.6%
NAV per Share total return ^{(ii)†}	33.6%	55.4%	
Share price	930.00p	704.00p	32.1%
Share price (discount)/premium to NAV [†]	(13.7%)	(15.3%)	

^{*} Key performance indicator see page 27.

⁽ii) Total return including dividends reinvested, as sourced from Bloomberg.

31 July 2025	31 July 2024
	0.47%
	31 July 2025 0.86%

^{*} Based on total expenses, excluding finance costs and certain non-recurring items for the year and average monthly NAV.

⁽¹⁾ NAV as at 31 July 2025 is calculated after accounting for £14,038,000 in respect of share buybacks during the year (2024: £nil).

[†] Alternative performance measure. Details provided in the Glossary on pages 91 to 93.

Chairman's statement

Introduction & Performance

Another year that broke through previous all-time highs and set new peaks. The performance for this financial year resulted in a NAV per Share total return of 33.6%. The Era of Ai continues, with haste. The conviction of the Manager and Board remains strong that the growth drivers of Ai have many years to run. The year in financial market terms can be summarised as a story of worries concerning inflation, slowing economies, geo-political tensions and tariffs, but yet the continuing dominance of mega capitalisation equities. An annual return that exceeds 30% is an exceptional year, but may I remind you that the annualised (total) return (dividends reinvested) in GBP for the Management Team since inception (September 2015) is over 17% per annum to the year end.

"Men who can both be right and sit tight are uncommon."

- Jesse Livermore, Reminiscences of a Stock Operator (1923).

Capital Returns, Buy Backs, Discounts, PDMRs & Dividends

At the year end, the Shares traded at a 13.7% discount to their NAV per Share, compared to a discount of 15.3% in 2024. This was despite the Company buying 1,844,039 shares into Treasury during the year. The Manager subjectively believes that buying back shares to close discounts is akin to "Canute commanding the tide" and that the discount will only close when 10-year Treasury yields are clearly on a downward path AND growth shares are back in vogue. We note that the other Investment Trust Companies that focus on investing in Technology are on similar, free float adjusted discounts.

In addition to the above mentioned Treasury Share Buy Backs, the Directors and the Managers bought a net total of 575,417 shares (at a cost of £4.0m) during the financial year. It is becoming apparent to most, that the UK listed fund market has an excess of supply over demand, and counter-logically, that any remaining demand is not flowing to the best performing funds. When events occur that go against market logic, then the culprit is normally bureaucracy and regulation.

Polar Capital Technology Trust has a ten-year annualised total return of greater than 22%, yet has traded at close to a double-digit discount for most of 2024 and 2025 whilst also buying back its own shares regularly. Could this paradoxical situation be because the UK wealth industry's regulation is overly averse to volatile asset classes even though they have performed successfully? We are not alone in raising these questions. In her Mansion House speech (15 July 2025), Rachel Reeves strongly criticised post-financial crisis regulation for stifling business innovation. She warned that excessive regulation continues to "act as a boot on the neck of businesses, choking off the enterprise and innovation that is the lifeblood of growth."

The Board notes that the aggregate proportion of the Company's voting power held by the public (as that term is used in section 446 of the Corporation Tax Act 2010) is now close to the minimum 35% threshold. If the Company were to fall below this threshold, or otherwise fail to satisfy the HMRC investment trust regime (including the conditions in CTA 2010 s.1158), it would risk loss of its investment trust status, including loss of the exemption from UK corporation tax on chargeable gains and other adverse tax consequences, which could be detrimental to net asset value and shareholder returns. To ensure continued compliance with applicable UK tax, listing and company law requirements, including, without limitation, CTA 2010 s.446, the FCA Listing Rules, the HMRC investment trust regime and the Companies Act 2006, the Board has resolved that, with immediate effect:

- the Company will pause all further on-market share buybacks; and
- no further market purchases of the Company's ordinary shares will be made by the Directors, PDMRs or by M&M Investment Company Limited and its associates (as defined in CTA 2010) until further notice.

The Board and the Company's Manager are reviewing structural options that could, in due course, permit a resumption of buybacks while remaining compliant with the above frameworks. However, given the complexity of potential solutions (including interaction with the public ownership condition under CTA 2010 s.446, Listing Rules equal-treatment requirements, HMRC investment trust conditions and other legal constraints), the Board does not expect a near-term resolution. The Company will update shareholders in due course.

With these results, we have announced an ordinary Final dividend of 7.0 pence per Ordinary Share and a special Final dividend of 7.0 pence per Ordinary Share. This is the same level as the prior year for the ordinary (31 July 2024: 7.0 pence per Ordinary Share) but the special was declared before the year end, in April 2024 and paid on 1 August 2024.

Renchmark

Keen observers will have noted we have altered the illustration of our sector weightings in the Fund in our Factsheets and Annual Report from being shown relative to a benchmark to being shown purely on an absolute basis. We have also ceased to use the MSCI UK IMI Index (GBP) as our Benchmark. Both measures save money. We will notify Shareholders via our Factsheet if we initiate use of a new Benchmark.

Board and Composition

We are committed to attracting the best talent that can lead and challenge the direction of the Company. The Manager and the Board invite any interested parties who believe they can add to the diversity of the Board and have some knowledge of Technology investment or operations to indicate their interest in becoming a non-executive director of the Company by emailing them at ir@mlcapman.com.

It was with great regret that we were informed of the death of Peter Stanley in February this year. Peter was appointed to the Board in 1997, and served as Chairman for over 18 years from November 2000 to 2019 when he stepped down from the Board. Such long service is rarely found in today's corporate governance environment, but was highly appreciated, by the Company, and he will be greatly missed by all and, especially, Mark Sheppard.

Annual General Meeting

Our fifty-third Annual General Meeting ("AGM") will be held virtually on 5 November 2025 at 12.00 noon.

We are aware that some shareholders prefer physical AGMs and, although they are materially more expensive, we do see some benefits in undertaking a physical/virtual hybrid every three or five years or so. We did consider having a physical AGM this year but, considering the outflows from the Fund via Treasury Share Buy Backs, such a time consuming exercise does not seem valid whilst interest rates remain high. If appropriate at the time, and the supply of shares sold to Treasury Share Buy Backs slows and interest rates come down materially, we will consider holding a physical AGM in 2026. It is our findings that getting stuff done or events organised in modern day Britain is increasingly frustrating, as Keir Starmer recently quipped, we have become too "comfortable with failure".

The notice of AGM for 2025 will be provided to shareholders within this Annual Report and will also be available on the Company's website. Detailed explanations on the formal business and the resolutions to be proposed at the AGM are contained within the Shareholder Information section of the Annual Report and Accounts as well as the Notice of AGM.

Environmental, Social and Governance Matters (ESG)

We continue to keep abreast of ESG developments and the Board assumes a supervisory role in this regard. The Manager is responsible for considering ESG factors in the investment process.

We are pleased to report that the management teams of our largest investments take their ESG obligations very seriously.

In FY25, 100% of Nvidia's global electricity consumption was powered by or matched with renewable energy, a remarkable milestone.

Microsoft has committed to become carbon negative, water positive and zero waste by 2030 and has a target to halve its Scope 3 emissions from 2020 to 2030. Last year Microsoft contracted more carbon removal than all previous years combined.

The sources for these commitments can be found at:

https://images.nvidia.com/aem-dam/Solutions/documents/NVIDIA-Sustainability-Report-Fiscal-Year-2025.pdf

https://cdn-dynmedia-1.microsoft.com/is/content/microsoftcorp/microsoft/msc/documents/presentations/CSR/2025-Microsoft-Environmental-Sustainability-Report.pdf

We welcome these initiatives.

The portfolio does not contain any stocks in the following sectors:

- 1. **Energy and Fossil Fuels:** The energy sector, particularly companies involved in fossil fuel extraction and production, has been criticized for its environmental impact due to greenhouse gas emissions, oil spills, and other pollution-related issues.
- Mining and Metals: A body of ESG consultants have suggested that the mining sector has significant environmental impacts due to resource extraction, habitat disruption, and waste generation. Concerns also arise regarding labour practices and community displacement in some cases.
- 3. **Tobacco:** The tobacco industry is often seen as having negative social impacts due to health risks associated with smoking, marketing practices targeting vulnerable populations, and legal controversies.
- 4. **Heavy Manufacturing:** Industries such as heavy manufacturing and heavy chemicals might have higher environmental impacts due to emissions, waste production, and energy consumption.
- 5. **Utilities:** While the utilities sector is essential for providing energy, the environmental impact of some energy generation methods (such as coal) and concerns about emissions can impact the sector's ESG performance.
- Agriculture: Certain agricultural practices, such as large-scale monoculture farming and excessive pesticide use, can have negative environmental consequences, impacting the agricultural sector's ESG factors.
- 7. **Fast Fashion:** The fashion industry can have social and environmental issues related to labour practices, waste generation, and resource consumption.

As at 31 July 2025, the portfolio has a Sustainalytics Environment score of 81.6% (2024: 81.8%) (where 50% is the median).

Outlook

We look forward with excitement as the Era of Artificial Intelligence develops. This technology is so powerful it is quite possible that its growth can continue to overpower a challenging economic and political backdrop. Many sold their shares last year, believing that the Era of Ai was over. Many of you may be considering such a move today. With this in mind, may I remind you of the words of John Greenleaf Whittier: "For of all sad words of tongue or pen, the saddest are these: 'It might have been.'"

Hence, the Board and the Manager will see the course of the Era of Ai, and be guided by the words of Alan Turing: "We can only see a short distance ahead, but we can see plenty there that needs to be done."

Daniel Wright

Chairman

24 September 2025

Manager's review

Market Review

The twelve months under review delivered double-digit gains in tech-heavy indices, albeit with periods of significant volatility. H1 2025 was particularly turbulent, with the VIX briefly surpassing 50 amid tariff-related uncertainty, making positioning challenging and demanding vigilant exposure management. More recently, volatility has eased, and US indices have recorded a string of all-time highs, albeit with narrowing market breadth and a pronounced divergence in performance between Ai-driven leaders and the broader market. US corporate earnings have generally grown at a healthy pace, but the gains have been concentrated. A recent Goldman Sachs report noted that the "Mag 7" delivered 26% year-on-year earnings growth in Q2, compared to just 4% for the remaining 493 constituents of the S&P 500. Despite tariff uncertainty, US inflation data has continued to point to a gradual disinflationary trend, while most economic indicators have remained robust. Although there are recent signs of emerging weakness in the labour market, the overall US economic backdrop has remained broadly benign.

Technology Review

Despite continued scepticism from some quarters, the Ai theme has made exceptional progress over the past 12 months:

- 1. Adoption has accelerated sharply: as of April 2025, ChatGPT had surpassed 800 million users, up from 300 million at the end of 2024.
- 2. **Monetisation is now firmly established:** in July 2025 OpenAl reached \$10 billion in annual recurring revenue.
- 3. Capabilities have advanced rapidly: Frontier models have continued to set new benchmark records across domains including coding, mathematics, and science. In December 2024, OpenAl launched o1, the first widely available reasoning model, and in April 2025 followed with o3, enabling the completion of complex, multi-step tasks with great proficiency. With o3 and features such as Deep Research, Ai became capable of producing sophisticated research reports to a PhD standard. Autonomous coding agents have also emerged, enabling companies like Microsoft to produce up to 30% of their code from Ai.
- 4. **Infrastructure investment has surged:** cloud capex is forecast to grow 56% year-on-year to \$445 billion in 2025.
- 5. **Inference demand has risen exponentially:** Alphabet reported a 50x increase in tokens processed over the past year, with reasoning models proving up to 20x more compute-intensive than non-reasoning models.
- 6. **Competition has intensified:** new entrants such as xAi have joined the model race, amid a global battle for top Ai talent.
- 7. **Efficiency gains have also been significant:** hardware advances and model optimisations (such as those pioneered by Deepseek) have materially reduced inference and training costs. Improved efficiency is crucial for diffusion, enhancing application ROI and enabling adoption of the technology across a wider range of functions and processes.

We have consistently outlined our roadmap for the Ai era as developing in four stages:

- 1. Infrastructure Build: the build out of the data centers needed for Ai.
- 2. **Migration of Data to the Cloud:** the migration and management of the data required to train the Ai models.
- 3. Launch of Applications using Ai: the existing and new applications we will use to harness the power of Ai.
- 4. **The Future Use Applications:** the new applications that we cannot envisage a use for now that will become wildly popular in the future.

Throughout 2024/2025, growth has remained concentrated in Stages 1 and 2, and the market performance of Ai enablers has reflected this. However, we are now beginning to see the first signs of Stage 3, particularly from OpenAI. From a market perspective, we expect Stage 3 to be defined by concerns over disruption to legacy business models alongside the emergence of Ainative winners.

- "Ai is the most powerful technology humanity has ever created."
- Sam Altman

Portfolio Review

The portfolio's NAV per Share total return of 33.6% compared to a 17.4% return for the Nasdaq Composite (in GBP) and a 10.3% return for the Nasdaq 100 Technology subindex (in GBP).

The 3.0% increase in the value of Sterling against the US Dollar over the year was a headwind for performance due to the significant level of US Dollar exposure in the portfolio. Overall, we estimate that the loss in portfolio performance from Foreign Exchange was roughly 2.8%.

The Total Return of the portfolio broken down by sector* holdings in local currency (separating costs and foreign exchange) is shown below:

Total return of underlying sector holdings in local currency (excluding costs and foreign exchange)	2025
Technology	35.0%
Consumer	0.3%
Financials	2.0%
Healthcare	(0.1%)
Other Investments (including Funds, ETFs and Hedges)	0.7%
Foreign Exchange, operating costs & financing	(4.3%)
NAV per Share total return	33.6%

^{*} Sector weightings have been determined using the primary sector classification assigned to each holding by a leading Ai model, based on an analysis of the company's core business activities and industry focus.

Total return of underlying sector holdings in local currency (excluding costs and foreign exchange)	2024
Information Technology	55.6%
Communication Services	1.4%
Consumer Discretionary	0.1%
Other Investments (including Funds, ETFs and Hedges)	(0.1%)
Foreign Exchange, operating costs & financing	(1.5%)
NAV per Share total return	55.4%

Technology

The Technology sector delivered roughly 92.2% of the NAV per Share total return.

Material positive performers (>1% contribution to return) included Nvidia Corp, Microsoft Corp, Broadcom Inc and Arista Networks Inc. The only material negative contributor was ASML Holding NV.

The portfolio's weighting to this sector (including options on a MTM basis) at the year end was 96.0% of the net assets (2024: 106.0%).

Consumer

The Consumer sector delivered roughly 0.9% of the NAV per Share total return.

There were no material negative nor material positive contributors.

The portfolio's weighting to this sector (including options on a MTM basis) at year end was 3.3% of the net assets (2024: 0.1%).

Financials

Financials delivered roughly 5.3% of the NAV per Share total return.

Robinhood Markets Inc was the only holding in this sector for the period.

The portfolio's weighting to this sector (including options on a MTM basis) at year end was 3.2% of the net assets (2024: 0.0%).

Healthcare

The Healthcare sector delivered roughly minus 0.3% of the NAV per Share total return.

There were no material negative nor material positive contributors.

The portfolio's weighting to this sector (including options on a MTM basis) at year end was 1.6% of the net assets (2024: 1.9%).

Other (including funds, ETFs and beta hedges)

Other holdings delivered roughly 1.9% of the NAV per Share total return.

There were no material negative nor material positive contributors.

The portfolio's weighting to this sector (including options on a MTM basis) at year end was 3.2% of the net assets (2024: 2.3%). The largest holding in this sector at year end was Robo Global Robotics & Automation ETF.

Market Outlook

Inflation is expected to remain relatively muted, and anticipated interest rate cuts provide a constructive backdrop for future equity returns. Geopolitical risks between the US and China persist, and we expect ongoing uncertainty around global tariff rates.

We continue to believe our portfolio of long-duration assets is likely to be more sensitive to interest rate movements than to the effects of a mild recession. Furthermore, should rates fall below a certain threshold (around 2.75%-3.00%), we anticipate a rotation from money market funds into growth equities.

"It has become appallingly obvious that our technology will exceed our humanity".

- Albert Einstein

Market Risks

The primary challenges to equities remain inflation, recession, regulation, energy prices and war. The Fed's preferred measure, the PCE price index, has fallen but history has seen reversals before. We are hopeful that over time productivity gains from Ai can assist in further reducing inflation. There is the possibility that countries that undertake material Ai investment such as the USA, will be rewarded with a decade or so of both productivity gains and relatively strong economic growth. Should that scenario be combined with contained geopolitical risks, then we could see a period of sustained stock market returns.

In the shorter term, recession risk is always a concern when the Fed has been adopting a "restrictive" stance which has the potential to slow the economy. Geopolitical risks, such as the conflict in Ukraine and US-Sino relations, also pose very material concerns. The US is also undergoing a generational shift in trade policy which, while potentially beneficial for the US in the long run, introduces heightened uncertainty in the short term. Global debt levels and persistent fiscal deficits remain a source of concern, and we continue to watch yields with great anxiety. China, Iran, N Korea and Russia all have a history of being bad actors that can cause numerous horrific events that could cause material downside for the markets. The companies in our portfolio have a material exposure to China and Taiwan, hence we have been active at various times in recent years at laying on hedges against this risk.

"Adapt to reality; reality won't adapt to your risk tolerance."

– Warren Buffett

Technology Outlook

According to McKinsey, global demand for data center capacity could nearly quadruple by 2030 from 2023 levels (22% CAGR), supporting our expectation of continued growth for Ai infrastructure companies. The Nasdaq composite is projected to deliver above-market growth in 2026 with projected revenues and earnings progress of 9.0% and 16.3% respectively. Our portfolio holdings are forecast by Bloomberg estimates to see weighted average projected revenues and earnings progress of 19.9% and 26.4% respectively for their next financial year. Forecasts are mainly useless apart from providing some relative indications, hence the figures provided purely illustrate that our portfolio could be considered relatively faster growth. Within the technology sector, we anticipate a widening gap in performance between companies driving the Ai revolution and those likely to be disrupted by it.

"Software is eating the world, but Ai is going to eat software."

- Jensen Huang, 2017

Ai Outlook

We expect continued progress in Ai capabilities over the next 12 months in both reasoning and autonomy, allowing Ai to complete longer and more complex tasks without human intervention. Greg Brockman of OpenAI recently remarked that we are only "scratching the surface" on post-training enhancements, suggesting substantial headroom remains to improve Ai performance. We have often mentioned Reinforcement learning (RL) as a possible path for Ai improvement. We also see the integration of autonomous coding capabilities into reasoning models as a major catalyst for Ai improvements in 2026.

On the consumer Ai side, we foresee greater personalisation via memorisation and deeper integration of Ai assistants into daily life. We expect OpenAI and other winners in the consumer space to generate significant revenue growth.

On the enterprise Ai side, we anticipate the continued migration of data and workflows to the cloud and the further adoption of autonomous Ai agents for function specific workflows. We expect continued efficiency gains from both hardware advances and model optimisations, further reducing the cost per unit of intelligence for Ai and improving the ROI for enterprise adopters.

Ai infrastructure buildout is expected to see double-digit data center capex growth in 2026. We also expect a continued reallocation of corporate budgets from Labour towards Ai, driving a further displacement of workers. Finally, we expect significant advances in robotics, especially in industrial robotics driven by an onshoring of manufacturing, industrial and assembly activities back to the USA.

"It'll be 10 times bigger than the Industrial Revolution – and maybe 10 times faster."

– Demis Hassabis on our Ai future.

Concentration Risk

We always seek as diversified a portfolio as we can possibly construct but we must address the concentration risk within our portfolio. Our top two holdings – Microsoft, and Nvidia – represented around 65% of our NAV at the period end and our top 5 holdings represent about 83% of our portfolio. Sadly, we do believe the outstanding winners from the Ai era may, in time, be counted on the fingers of two hands. So what are we meant to do: diversify to dilute performance? Punish our winners for proving they are elite? We would not be surprised if, in a few years time, it will be seen that the most dangerous portfolio to hold from today was a widely diversified selection of legacy Software 1.0 stocks.

The logical conclusion to our concentration risk for shareholders that are Retail Investors is that our Fund should form part of a diversified portfolio. Please do not over-concentrate on our Fund if you cannot afford to bear potential loss. However, it is worth noting that according to two of the leading credit ratings agencies MSFT has a better credit rating than US sovereign debt.

May I remind you that the limits on portfolio concentration per our Investment Policy are as follows:

"No single holding will represent more than 20% of gross assets at the time of investment. In addition, the Company's five largest holdings (by value) will not exceed (at the time of investment) more than 75% of gross assets."

We do seek to achieve risk reduction in our approach, aiming to partially hedge specific risks that concern us (but hedging requires luck in its timing) and, in addition, by avoiding any holdings that give us nagging doubts.

"Three-quarters of Warren Buffett's equity portfolio are tied up in just 5 stocks."

- CNBC headline August 2023.

Conclusion

The risks are varied, numerous and material but the Era of Ai has many years left to run. Ai offers investors a first-class ticket to what could be one of the most exciting investment and economic periods of the century. The alternative is an investment landscape in Europe blighted by an Orwellian, BureauStasi, Regulatory State.

Long the Future.

M&L Capital Management Limited

Principal portfolio equity holdings

The positions described below have an Exposure that aggregates to 94.7% of Net Assets.

NVIDIA Corporation ("NVIDIA")

NVIDIA is the global leader in chips for Ai training and inference, with a dominant position in the hardware and software ecosystem that underpins modern Ai development. Its CUDA platform has created a powerful moat, making it the foundation for most enterprise Ai workloads. Beyond accelerators, NVIDIA is also a leader in high-speed networking, enabling the massive scale required for hyperscale Ai clusters. Looking ahead, NVIDIA is expanding into areas such as robotics, digital twins, and autonomous systems, broadening its role as a key enabler of the Ai-driven economy.

Microsoft Corporation ("Microsoft")

Microsoft is a global leader in enterprise software and cloud computing, with Azure now the second-largest public cloud platform worldwide. The company has taken a leading role in Ai adoption, embedding Copilot across Office, Windows, and Dynamics while positioning Azure as the infrastructure backbone for Ai workloads. Crucially, Microsoft holds a significant equity stake in OpenAI, widely seen as the frontrunner in foundation models and consumer Ai. This stake not only secures privileged access to cutting-edge technology but also represents a long-term source of strategic and financial value. With Ai integrated throughout its ecosystem and upside exposure to OpenAI, Microsoft is uniquely positioned to capture growth across both enterprise and consumer Ai markets.

Broadcom Inc. ("Broadcom")

Broadcom designs and manufactures a wide range of semiconductor and infrastructure software products. One of its fastest-growing areas is Ai ASICs (application-specific integrated circuits), which deliver highly efficient performance for specialised Ai workloads in hyperscale data centres. Whilst NVIDIA's GPUs remain the gold standard for general-purpose Ai training and inference we believe there is room for ASICs to capture share in more stable, niche workloads where efficiency and cost advantages matter most. Alongside its strength in networking chips, storage, and infrastructure software, Broadcom is a diversified enabler of the Ai infrastructure build-out.

Arista Networks Inc. ("Arista")

Arista is a leader in high-performance networking solutions for cloud and enterprise data centres. Its portfolio of switches, routers, and software-defined networking tools is engineered for ultra-low latency and high throughput, critical in Ai-driven environments. With significant exposure to hyperscale cloud capex, Arista plays a central role in enabling the connectivity required for large-scale Ai clusters and workloads.

Advanced Micro Devices Inc. ("AMD")

AMD designs and manufactures CPUs, GPUs, and Ai accelerators for both consumer and enterprise markets. Historically, AMD has built credibility as a successful challenger to Intel in CPUs, gaining share through strong execution and innovation. It is applying the same strategy in Ai accelerators with its MI300 series. However, NVIDIA is a more formidable competitor in Ai, with a stronger performance lead and entrenched ecosystem advantages. Even so, AMD has the potential to establish itself as the clear number two provider of Ai accelerators, giving enterprises an important alternative to NVIDIA.

Synopsys Inc. ("Synopsys")

Synopsys is a global leader in electronic design automation (EDA) software, enabling semiconductor companies to design, simulate, and verify advanced chips. EDA tools are mission-critical in the era of smaller and more complex semiconductors, with Synopsys benefitting from the secular growth of chip R&D. Increasingly, Synopsys is also embedding Ai into its own tools, accelerating chip design cycles and improving verification accuracy — creating a self-reinforcing link between Ai adoption and semiconductor innovation.

Robinhood Markets Inc. ("Robinhood")

Robinhood operates a commission-free trading platform that has reshaped retail investing with its mobile-first experience. The company is broadening into a full financial ecosystem spanning savings, credit, and advisory. Robinhood is also leaning into Ai, with the potential to launch Aidriven financial tools and personalised investment guidance for its large user base. In addition, Robinhood continues to innovate in areas such as tokenisation and prediction markets, which could open new categories of retail participation in financial services. This positions Robinhood as both a disruptive fintech and a future beneficiary of Ai adoption in finance.

Liberty Media Corp – Liberty Formula One ("Liberty Formula One")

Liberty Formula One controls the commercial rights to Formula One, the world's premier motorsport series. The business has benefitted from growing global viewership, deeper penetration in the US market, and robust sponsorship growth. Formula One also represents a structural play on the rising value of live experiences, as consumers increasingly prioritise premium events and entertainment. With strong media rights pricing power and an expanding fan base, Liberty Formula One is well positioned for long-term growth.

Dell Technologies Inc. ("Dell")

Dell is a global provider of personal computers, servers, and enterprise infrastructure solutions. Recent quarters have seen strong demand for Ai-optimised servers, positioning Dell as a key supplier to enterprises building Ai capabilities. With deep customer relationships, scale in infrastructure, and a growing portfolio of Ai-ready hardware, Dell is evolving from a legacy PC brand into a strategic player in the Ai infrastructure build-out.

ASML Holding NV ("ASML")

ASML is the sole supplier of advanced extreme ultraviolet (EUV) lithography machines, essential for producing the world's most advanced semiconductors. Its near-monopoly in EUV lithography gives it a unique strategic position in the global semiconductor supply chain.

Business model

The Company is an investment company as defined by Section 833 of the Companies Act 2006 and operates as an investment trust in accordance with Section 1158 of the Corporation Tax Act 2010

The Company is also governed by the Listing Rules and the Disclosure Guidance and Transparency Rules of the Financial Conduct Authority (the "FCA") and is listed on the Closed-ended investment funds Category of the London Stock Exchange.

A review of investment activities for the year ended 31 July 2025 is detailed in the Manager's review on pages 9 to 14.

Investment objective

The investment objective of the Company is to achieve capital appreciation.

Investment policy

Asset allocation

The Company's investment objective is sought to be achieved through a policy of actively investing in a diversified portfolio, comprising any of global equities and/or fixed interest securities and/or derivatives.

The Company may invest in derivatives, money market instruments, currency instruments, contracts for differences ("CFDs"), futures, forwards and options for the purposes of (i) holding investments and (ii) hedging positions against movements in, for example, equity markets, currencies and interest rates.

The Company seeks investment exposure to companies whose shares are listed, quoted or admitted to trading. However, it may invest up to 10% of gross assets (at the time of investment) in the equities and/or fixed interest securities of companies whose shares are not listed, quoted or admitted to trading.

Risk diversification

The Company intends to maintain a diversified portfolio and it is expected that the portfolio will have between approximately 20 to 100 holdings. No single holding will represent more than 20% of gross assets at the time of investment. In addition, the Company's five largest holdings (by value) will not exceed (at the time of investment) more than 75% of gross assets.

Although there are no restrictions on the constituents of the Company's portfolio by geography, industry sector or asset class, it is intended that the Company will hold investments across a number of geographies and industry sectors. During periods in which changes in economic, political or market conditions or other factors so warrant, the Manager may reduce the Company's exposure to one or more asset classes and increase the Company's position in cash and/or money market instruments.

The Company will not invest more than 15% of its total assets in other listed closed-ended investment funds. However, the Company may invest up to 50% of gross assets (at the time of investment) in an investment company subsidiary, subject always to the other restrictions set out in this investment policy and the Listing Rules.

Gearing

The Company may borrow to gear the Company's returns when the Manager believes it is in Shareholders' interests to do so. The Company's Articles of Association ("Articles") restrict the level of borrowings that the Company may incur up to a sum equal to two times the net asset value of the Company as shown by the then latest audited balance sheet of the Company.

The effect of gearing may be achieved without borrowing by investing in a range of different types of investments including derivatives. Save with the approval of Shareholders, the Company will not enter into any investments which have the effect of increasing the Company's net gearing beyond the limit on borrowings stated in the Articles.

General

In addition to the above, the Company will observe the investment restrictions imposed from time to time by the Listing Rules which are applicable to investment companies with shares listed on the Official List of the FCA.

No material change will be made to the investment policy without the approval of Shareholders by ordinary resolution.

In the event of any breach of the investment restrictions applicable to the Company, Shareholders will be informed of the remedial actions to be taken by the Board and the Manager by an announcement issued through a regulatory information service approved by the FCA.

Investment Strategy and Style

The fund's portfolio is constructed with flexibility but is primarily focused on stocks that exhibit the attributes of growth. The fund is often classified by others as a Global Growth Fund.

Target Benchmark

Under UKLR 11 for closed-ended investment funds, there's no requirement for the Company to adopt a performance benchmark.

Investments for the portfolio are not selected from constituents of any single index and the Company does not use any individual benchmark to assess performance.

We are tired of being expensively charged by benchmark providers so we have cancelled all services we received from our previous benchmark provider.

The Company is a technology focused fund and there are a huge number of digital financial data providers that allow shareholders to assess the performance of the Company on a Share Price and/or Net asset value per share basis against whichever benchmark the shareholder thinks is the best and many allow this for free.

Providing charts and data against benchmarks heralds back to the digital dark ages when such information was not ubiquitously free.

Environmental, Social, Community and Governance

The Company considers that it does not fall within the scope of the Modern Slavery Act 2015 and it is not, therefore, obliged to make a slavery and human trafficking statement. In any event, the Company considers its supply chains to be of low risk as its suppliers are typically professional advisers.

In its oversight of the Manager and the Company's other service providers, the Board seeks assurances that they have regard to the benefits of diversity and promote these within their respective organisations. The Company has given discretionary voting powers to the Manager. The Manager votes against resolutions they consider may damage Shareholders' rights or economic interests and reports their actions to the Board. The Company believes it is in the Shareholders' interests to consider environmental, social, community and governance factors when selecting and retaining investments and has asked the Manager to take these issues into account. The Manager does not exclude companies from their investment universe purely on the grounds of these factors but adopts a positive approach towards companies which promote these factors. The portfolio's Sustainalytics Environmental Percentile was 81.6% as at 31 July 2025 (2024: 81.8%).

The Company notes the Task Force on Climate-related Financial Disclosures ('TCFD') reporting recommendations. However, as a listed investment company, the Company is not subject to the Listing Rule requirement to report against the framework. The Company fully recognises the impact climate change has on the environment and society, and information on the Manager's endeavours on ESG can be found on page 45. The Manager continues to work with the investee companies to raise awareness on climate change risks, carbon emission and energy efficiency.

Stakeholder Engagement

The Company's \$172 Statement can be found in the Corporate Governance Statement on pages 45 and 46 and is incorporated into this Strategic Report by reference.

Dividend policy

The Company may declare dividends as justified by funds available for distribution. The Company will not retain in respect of any accounting period an amount which is greater than 15% of net revenue in that period.

Recurring income from dividends on underlying holdings is paid out as ordinary dividends.

Results and dividends

The results for the year are set out in the Statement of Comprehensive Income on page 70 and in the Statement of Changes in Equity on page 71.

For the year ended 31 July 2025, the net revenue loss attributable to Shareholders was £609,000 (2024: return £570,000) and the net capital return attributable to Shareholders was £101,968,000 (2024: £120,590,000). Total Shareholders' funds increased by 23.7% to £413,128,000 (2024: £334,099,000).

The dividends paid/proposed by the Board for 2024 and 2025 are set out below:

	Year ended 31 July 2025 (pence per Share)	Year ended 31 July 2024 (pence per Share)
Interim dividend	7.00	7.00
Special dividend	7.00	7.00
Proposed final dividend	7.00	7.00
Proposed Special dividend	7.00	
	28.00	21.00

Subject to the approval of Shareholders at the forthcoming AGM, the proposed final ordinary dividend and proposed Special dividend will be payable on 7 November 2025 to Shareholders on the register at the close of business on 3 October 2025. The ex-dividend date will be 2 October 2025.

Further details of the dividends paid in respect of the years ended 31 July 2025 and 31 July 2024 are set out in note 7 on page 81.

Principal risks and uncertainties

The Board considers that the following are the principal risks and uncertainties facing the Company. The actions taken to manage each of these are set out below. If one or more of these risks materialised, it could potentially have a significant impact upon the Company's ability to achieve its investment objective. These risks are formalised within the risk matrix maintained by the Company's Manager.

Investment Performance Risk

The performance of the Company may not be in line with its investment objectives.

How the risk is managed

Investment performance is monitored and reviewed daily by M&L Capital Management Limited ("MLCM") as AIFM

Change

- Intra-day portfolio statistics; and
- Daily Risk reports.

The metrics and statistics within these reports may be used (in combination with other factors) to help inform investment decisions.

The AIFM also provides the Board with quarterly performance updates, key portfolio stats (including performance attribution, valuation metrics, VaR and liquidity analysis) and performance charts of top portfolio holdings.

It should be noted that none of the above steps guarantee that Company performance will meet its stated objectives.

Key Man Risk and Reputational Risk

The Company may be unable to fulfil its investment objectives following the departure of key staff at the Manager.

The Manager has a remuneration policy that incentivises key staff to take a long-term view as variable rewards are spread over a five-year period. MLCM also has documented policies and procedures, including a business continuity plan, to ensure continuity of operations in the unlikely event of a departure.

MLCM has a comprehensive compliance framework to ensure strict adherence to relevant governance rules and requirements.

Fund Valuation Risk

The Company's valuation is not accurately represented to investors.

NAVs are produced independently by the Administrator, based on the Company's valuation policy.

Valuation is overseen and reviewed by the AIFM's valuation committee which reconciles and checks NAV reports prior to publication.

It should be noted that the vast majority of the portfolio consists of quoted equities, whose prices are provided by independent market sources; hence material input into the valuation process is rarely required from the valuation committee.

How the risk is managed	Change
All outsourced relationships are subject to an extensive dual-directional due diligence process and to ongoing monitoring. Where possible, the Company appoints a diversified pool of outsourced providers to ensure continuity of operations should a service provider fail.	
The cyber security of third-party service providers is a key risk that is monitored on an ongoing basis. The safe custody of the Company's assets may be compromised through control failures by the Depositary or Custodian, including cyber security incidents. To mitigate this risk, the AIFM receives monthly reports from the Depositary confirming safe custody of the Company's assets held by the Custodian.	
The AIFM adopts a series of pre-trade and post-trade controls to minimise breaches. MLCM uses a fully integrated order management system, electronic execution system, portfolio management system and risk system developed by Bloomberg. These systems include automated compliance checks, both pre- and post-execution, in addition to manual checks by the investment team. The AIFM undertakes ongoing compliance monitoring of the portfolio through a system of daily reporting.	
Furthermore, there is additional oversight from the Depositary, which ensures that there are three distinct layers of independent monitoring.	
The Company has a clear documented investment policy and risk profile. The AIFM employs various controls and monitoring processes to ensure guidelines are adhered to (including pre- and post-execution checks as mentioned above and monthly Risk meetings). Additional oversight is also provided by the Company's Depositary.	
The AIFM has extensive fraud prevention controls and adopts a zero tolerance approach towards fraudulent behaviour and breaches of protocol surrounding fraud prevention. The transfer of cash or securities involve the use of dual authorisation and two-factor authentication to ensure fraud prevention, such that only authorised personnel are able to access the core systems and submit transfers. The Administrator has access to core systems to ensure complete oversight of all transactions.

Risk

Portfolio Concentration

The Portfolio's concentration in Nvidia Corp. and Microsoft Corp. could lead to materially negative performance results for the Company should one or both of these holdings have declining share prices.

How the risk is managed

It is interesting to note that using a sequential selection screen of all equities on Bloomberg using the hurdles of ROIC, ROE, Operating Margin and Revenue Growth set at the rates Nvidia enjoys, outputs less than a dozen further suggested stocks that are domiciled outside China.

Whilst some may like us to diversify our Portfolio more, this analysis may suggest diversification would lead to the dilution of the Portfolio's average financial metrics quality.

In addition, at times the Manager will attempt to directly hedge out some of the risk of a fall in Technology stocks by selling Call options on individual holdings. At times, we also buy Long Put options on Technology indices or individual stock names. However, these hedges are most likely to only provide immaterial comfort should large positions or the general markets decline.

Again, we encourage investors to diversify their own portfolios and only hold shares in Manchester & London as part of a well-diversified portfolio.

Discount risk

A sustained deterioration in UK investor appetite for higher-volatility asset classes (driven in part by regulation), irrespective of performance, could reduce demand for the Company's shares and lead to a structural and persistent widening in the discount to net asset value ("NAV").

The Board and the Manager monitor the discount relative to peers and market conditions on an ongoing basis. Where appropriate, the Company executes share buybacks under existing authorities. However, the capacity and desirability of buy-backs are inherently finite and cannot be relied upon indefinitely. Even with buy-backs, there can be no assurance that the discount will narrow or not widen further.

Change

In addition to the above, the Board considers the following to be the principal financial risks associated with investing in the Company: market risk, interest rate risk, liquidity risk, currency rate risk and credit and counterparty risk. An explanation of these risks and how they are managed along with the Company's capital management policies are contained in note 16 of the Financial Statements on pages 86 to 90.

The Board, through the Audit Committee, has undertaken a robust assessment and review of all the risks stated above and in note 16 of the Financial Statements, together with a review of any emerging or new risks which may have arisen during the year, including those that would threaten the Company's business model, future performance, solvency or liquidity.

In accordance with guidance issued to directors of listed companies, the Directors confirm that they have carried out a review of the effectiveness of the systems of internal financial control during the year ended 31 July 2025, as set out on pages 43 and 44. There were no matters arising from this review that required further investigation and no significant failings or weaknesses were identified.

Further discussion about risk considerations can be found in the Company's latest prospectus available at https://mlcapman.com/manchester-london-investment-trust-plc/

Year-end aearing

At the year end, gross long equity exposure represented 108.4% (2024: 112.3%) of net assets.

Key performance indicators

Key measures by which the Board judges the success of the Company are the NAV per Share and the ongoing charges measure.

Total net assets at 31 July 2025 amounted to £413,128,000 compared with £334,099,000 at 31 July 2024, an increase of 23.7%, whilst the fully diluted NAV per Share increased to 1,077.29p from 831.24p. During the year, 1,844,039 Ordinary Shares were bought back and held in treasury.

Net revenue return after taxation for the year was a negative £609,000 (2024: positive £570,000).

The quoted Share price during the period under review has ranged from a discount of 12.34% to 24.92%.

Ongoing charges, which are set out on page 3, are a measure of the total expenses (including those charged to capital) expressed as a percentage of the average net assets over the year. The Board regularly reviews the ongoing charges measure and monitors Company expenses.

Future development

The Board and the Manager cannot currently foresee any material changes to the business of the Company in the near future. As the majority of the Company's equity investments are denominated in US Dollar, any currency volatility may have an impact (either positive or negative) on the Company's NAV per Share, which is denominated in Sterling.

Management arrangements

Under the terms of the management agreement, MLCM manages the Company's portfolio in accordance with the investment policy determined by the Board. The management agreement has a termination period of three months. In line with the management agreement, the Manager receives a tiered portfolio management fee. Details of the fee arrangements and the fees paid to the Manager during the year are disclosed in note 3 to the Financial Statements.

The Manager is authorised and regulated by the FCA.

M&M Investment Company Limited ("MMIC"), which is controlled by Mr Mark Sheppard who forms part of the Manager's management team, is the controlling Shareholder of the Company. Further details regarding this are set out in the Directors' Report on page 34.

Alternative Investment Fund Managers Directive (the "AIFMD")

The Company permanently exceeded the sub-threshold limit under the AIFMD in 2017 and MLCM was appointed as the Company's AIFM with effect from 17 January 2018. Following their appointment as the AIFM, MLCM receives an annual risk management and valuation fee of £59,000 to undertake its duties as the AIFM in addition to the portfolio management fees set out above.

The AIFMD requires certain information to be made available to investors before they invest and requires that material changes to this information be disclosed in the Annual Report.

Remuneration

In the year to 31 July 2025, the total remuneration paid to the employees of the Manager was £629,000 (2024: £460,000), payable to an average employee number throughout the year of four (2024: three).

The management of MLCM is undertaken by Mr Mark Sheppard and Mr Richard Morgan, to whom a combined total of £530,000 (2024: £421,000) was paid by the Manager during the year.

The remuneration policy of the Manager is to pay fixed annual salaries, with non-guaranteed bonuses, dependent upon performance only. These bonuses are generally paid in the Company's Shares, released over a five-year period.

Leverage

The leverage policy has been approved by the Company and the AIFM. The policy limits the leverage ratio that can be deployed by the Company at any one time to 275% (gross method) and 250% (commitment method). This includes any gearing created by its investment policy. This is a maximum figure as required for disclosure by the AIFMD regulation and not necessarily the amount of leverage that is actually used. The leverage ratio as at 31 July 2025 measured by the gross method was 120.2% and that measured by the commitment method was 111%.

Leverage is defined in the Glossary on page 92.

Risk profile

The risk profile of the Company as measured through the Summary Risk Indicator ("SRI") score, is currently at a 6 on a scale of 1 to 7 as at 31 July 2025 (31 July 2024: 6). This score is calculated on past performance data using prescribed PRIIPS methodology. Liquidity, counterparty and currency risks are not captured on the scale. The Manager will periodically disclose the current risk profile of the Company to investors. The Company will make this disclosure on its website at the same time as it makes its Annual Report and Financial Statements available to investors or more frequently at its discretion.

For further information on SRI – including key risk disclaimers – please read the Fund Key Information Document available at https://mlcapman.com/manchester-london-investment-trust-plc/

Liquidity arrangements

The Company currently holds no assets that are subject to special arrangements arising from their illiquid nature. If applicable, the Company would disclose the percentage of its assets subject to such arrangements on its website at the same time as it makes its Annual Report and Financial Statements available to investors, or more frequently at its discretion.

Continuing appointment of the Manager

The Board keeps the performance of MLCM, in its capacity as the Company's Manager, under continual review. It has noted the good long-term performance record and commitment, quality and continuity of the team employed by the Manager. As a result, the Board concluded that it is in the best interests of the Shareholders as a whole that the appointment of the Manager on the agreed terms should continue.

Human rights, employee, social and community issues

The Board consists entirely of non-executive Directors. The Company has no employees and day-to-day management of the business is delegated to the Manager and other service providers. As an investment trust, the Company has no direct impact on the community or the environment, and as such has no human rights or community policies. In carrying out its investment activities and in relationships with suppliers, the Company aims to conduct itself responsibly, ethically and fairly. Further details of the Environmental, Social and Governance policy can be found in the Statement of Corporate Governance on pages 44 and 45. Details of the Company's Board composition and related diversity considerations can be found in the Statement of Corporate Governance on page 40.

Gender diversity

At 31 July 2025, the Board comprised four male Directors. As stated in the Statement of Corporate Governance, the appointment of any new Director is made on the basis of merit.

Approval

This Strategic Report has been approved by the Board and signed on its behalf by:

Daniel Wright

Chairman

24 September 2025

DIRECTORS

All the Directors are non-executive. Mr Morris, Sir James Waterlow and Mr Wright are independent of the Company's Manager.

Daren Morris

Mr Morris was appointed to the Board of the Company on 10 December 2021. He is the Company's Senior Independent Director ("SID"). He was CFO and interim CEO of Big Technologies PLC, a company listed on AIM and active in the provision of advanced technology for the electronic monitoring of individuals. Mr Morris was previously CFO of Volex PLC from 2015 to 2020. He was part of the executive management team that led a turnaround of Volex and drove a quadrupling of the share price over the period. He spent the first eighteen years of his career in investment banking and accountancy and was a Managing Director at both UBS Investment Bank and Morgan Stanley, advising manufacturing and technology companies on their expansion and financing strategies. Daren's public company board experience includes Big Technologies plc, Volex plc, Easynet plc and Nexen Tech Corporation. Daren is a qualified chartered accountant (ICAEW ACA 1997) and read Physics at Trinity College, Oxford.

Mr Morris is Chairman of the Audit Committee. Number of Listed Company Directorships: 1

Rrett Miller

Mr Miller was appointed to the Board on 30 August 2013. He presently also serves as a director of SLF Realisation Fund Limited, Achilles Investment Company Limited and Ecofin US Renewables Infrastructure Trust Plc. In addition he is a director of a number of unlisted and/or private companies. He graduated from the University of the Witwatersrand (South Africa) with a bachelors degree majoring in law and economics and additionally holds a law degree from the London School of Economics. He qualified as a solicitor and practised until 1997. Mr Miller is head of compliance, governance and risk oversight, holds the SMF16 and SMF17 roles under the Senior Managers and Certification Regime and also sits on the risk management committee of MLCM, the Company's Manager.

Mr Miller is not a member of the Audit Committee. Number of Listed Company Directorships: 3

Sir James Waterlow

Sir James Waterlow was appointed to the Board on 17 August 2020. He has specialised in investment trusts for thirty years, for the past sixteen as a partner on the Investment Funds team at Singer Capital Markets. During his career he has advised approximately thirty investment trust boards and worked on a significant number of transactions, raising over £5 billion for new and existing funds.

Sir James Waterlow is a member of the Audit Committee. Number of Listed Company Directorships: 1

Daniel Wright

Mr Wright was appointed to the Board on 29 October 2018. He was the executive chairman of Science in Sport Plc, appointed in October 2023 to lead the turnaround of that business. He is a non-executive director of SolasCure Limited and non-executive chairman of Uinsure Group Holdings. Mr Wright was previously the founder partner, chief operating officer and head of portfolio at NorthEdge Capital, executive chairman of Accrol Group Holdings Plc, and Chairman of Vision Support Services Group Limited, a private company that he founded and grew to become Europe's leading distributor of textiles to the hospitality sector. He has also held previous roles at Cable Partners LLC, Deutsche Morgan Grenfell Private Equity and The Royal Bank of Scotland. Mr Wright qualified as a chartered accountant with Arthur Andersen in 1996.

Mr Wright is the Chairman of the Board. Number of Listed Company Directorships: 1

DIRECTORS' REPORT

The Directors present their report and the audited Financial Statements for the year ended 31 July 2025.

Directors

The current Directors of the Company are listed on page 32. All served throughout the year under review

Details about the re-election of the Directors are given in the Statement of Corporate Governance on page 40.

Share capital

As at 31 July 2025, the Company's issued share capital comprised 40,528,238 Shares of 25 pence each (total nominal value £10,132,059.50), of which 2,179,259 (5.37%) were held in Treasury.

At general meetings of the Company, Shareholders are entitled to one vote on a show of hands and on a poll, to one vote for every Share held. Shares held in Treasury do not carry voting rights.

In circumstances where Chapter 11 of the Listing Rules would require a proposed transaction to be approved by Shareholders, the controlling Shareholder (see page 34 for further details) shall not vote its Shares on that resolution. In addition, any Director of the Company appointed by MMIC, the controlling Shareholder, shall not vote on any matter where conflicted and the Directors will act independently from MMIC and have due regard to their fiduciary duties.

Issue of Shares

At the Annual General Meeting held on 6 November 2024, Shareholders approved the Board's proposal to authorise the Company to allot Shares up to an aggregate nominal amount of £2,507,938. In addition, the Directors were authorised to issue Shares and sell Shares from Treasury up to an aggregate nominal value of £1,003,175 on a non-pre-emptive basis. This authority is due to expire at the Company's forthcoming AGM on 5 November 2025.

There were no share issues during the year.

As at the latest practicable date of 17 September 2025, the total voting rights were 38,024,587.

Purchase of Shares

At the Annual General Meeting held on 6 November 2024, Shareholders approved the Board's proposal to authorise the Company to acquire up to 14.99% of its issued Share capital (excluding Treasury Shares) amounting to 6,015,040 Shares. This authority is due to expire at the Company's forthcoming AGM on 5 November 2025. Since September 2021, the highest price the Company has paid for shares held in Treasury was 928 pence. The average cost per share of the shares held in Treasury was 744 pence. As at 31 July 2025, the share price was 930 pence.

During the year, 1,844,039 Shares have been bought back and at 31 July 2025 there were 40,528,238 Shares in issue of which 2,179,259 were held in treasury. After the year end, 324,392 shares were bought back into Treasury, at an average price of 883p, increasing the number of shares held in Treasury to 2,503,651.

Sale of Shares from Treasury

At the Annual General Meeting held on 6 November 2024, Shareholders approved the Board's proposal to authorise the Company to waive pre-emption rights in respect of Treasury Shares up to an aggregate amount of $\pounds1,003,175$ and to permit the allotment or sale of Shares from Treasury at a discount to a price at or above the prevailing NAV. This authority is due to expire at the Company's forthcoming AGM on 5 November 2025.

No Shares were sold from Treasury during the year. As at the latest practicable date of 17 September 2025, 2,503,651 Shares are held in Treasury.

DIRECTORS' REPORT continued

Substantial shareholdings

The Company has been informed of the following notifiable interests in the Company's Share capital carrying voting rights as at 31 July 2025:

	Number of Shares held	% of total voting rights
M&M Investment Company Limited*	23,874,710	62.26

Following the year end, the Company has been informed that there has been a change in interests as at the latest practicable date. As at the latest practicable date, the notifiable interests in the Company's Share capital is:

	Number of Shares held	% of total voting rights
M&M Investment Company Limited*	23,874,710	62.79

^{*} Figures include shares held by connected parties.

Controlling Shareholder

MMIC, which is controlled by Mr Mark Sheppard who forms part of the investment management team at MLCM, is the controlling Shareholder of the Company.

The Company has in place a continuing written and legally binding relationship agreement with MMIC and its associates. Since entering the relationship agreement, the Company has fully complied with the independence provisions included within this agreement and, so far as the Company is aware, the independence provisions included in this agreement have also been complied with during the period under review by the controlling Shareholder and its associates. The relationship agreement is available on the Company's website.

Under the shareholder relationship agreement between the Company and MMIC, the Controlling Shareholder can appoint non-executive Directors to the Board, as long as the majority of these appointments are deemed to be independent from MMIC and the appointment of all Directors are not to the detriment of the Shareholders as a whole.

As at the latest practicable date, MMIC holds 62.79% of the total voting rights of the Company.

Information about securities carrying voting rights

The following information is disclosed in accordance with the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 and DTR 7.2.6 of the FCA's Disclosure Guidance and Transparency Rules.

- The Company's capital structure and voting rights are summarised on page 33.
- Details of the substantial Shareholders of the Company are set out on page 34.
- An amendment to the Company's Articles of Association and the giving of powers to issue
 or buy back the Company's Shares requires an appropriate resolution to be passed by
 Shareholders. Proposals to grant powers to the Board to issue and buy back Shares are set
 out in the Notice of the Annual General Meeting.
- There are no restrictions concerning the transfer of securities in the Company; no restrictions on voting rights (with the exception of those disclosed on page 33); no special rights with regard to control attached to securities; no agreements between holders of securities regarding their transfer known to the Company; and no agreements which the Company is party to that might affect its control following a successful takeover bid (however, refer to the paragraph regarding the Controlling Shareholder above for details on the relationship agreement).

Dividends

Details of the interim dividend and special dividends paid by the Company during the year and the final dividend recommended by the Board are set out in the Strategic Report on page 23.

Events after the reporting period

There are no post balance sheet events to report.

Financial risk management

The principal financial risks and the Company's policies for managing these risks are set out in note 16 to the Financial Statements.

Corporate Governance

The Statement of Corporate Governance on pages 37 to 46 forms part of the Directors' Report.

Going concern

The Directors consider that it is appropriate to adopt the going concern basis in preparing the Financial Statements. After making enquiries, and considering the nature of the Company's business and assets, the Directors consider that the Company has adequate resources to continue in operational existence for the foreseeable future. In arriving at this conclusion, the Directors have considered the liquidity of the portfolio and the Company's ability to meet obligations as they fall due for a period of at least 12 months from the date that these Financial Statements were approved.

Cash flow projections have been reviewed and provide evidence that the Company has sufficient funds to meet both its contracted expenditure and its discretionary cash outflows in the form of the dividend policy. Additionally, Value at Risk scenario analyses to demonstrate that the company has sufficient capital headroom to withstand market volatility are performed periodically.

Viability statement

The Directors have assessed the prospects of the Company over a five-year period. The Directors consider five years to be a reasonable time horizon to consider the continuing viability of the Company, however they also consider viability for the longer-term foreseeable future.

In their assessment of the viability of the Company, the Directors have considered each of the Company's principal risks and uncertainties as set out in the Strategic Report on pages 24 to 26 and in particular, have considered the potential impact of a significant fall in global equity markets on the value of the Company's investment portfolio overall. The Directors have also considered the Company's income and expenditure projections and the fact that the Company's investments mainly comprise readily realisable securities which could be sold to meet funding requirements if necessary. On that basis, the Board considers that five years is an appropriate time period to assess continuing viability of the Company.

In forming their assessment of viability, the Directors have also considered:

- internal processes for monitoring costs;
- expected levels of investment income;
- the performance of the Manager;
- portfolio risk profile;
- liquidity risk;
- gearing limits;
- counterparty exposure; and
- financial controls and procedures operated by the Company.

DIRECTORS' REPORT continued

The Board is satisfied with the ongoing services provided to the Company by its service providers.

Based upon these considerations, the Directors have concluded that there is a reasonable expectation that the Company will be able to continue in operation and meet its liabilities as they fall due over the five-year period.

Greenhouse gas emissions

The Company has no greenhouse gas emissions to report from its operations, nor does it have responsibility for any other emissions producing sources, including those within its underlying portfolio. As the Company's energy consumption falls under the minimum 40,000 kWh reporting threshold set by the Streamlined Energy and Carbon Reporting framework, the Company is exempt from making energy consumption disclosures.

Donations

The Company made no political or charitable donations during the year.

Auditor information

The Directors who held office at the date of approval of the Directors' Report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's Auditor is unaware, and each Director has taken all the steps that he ought to have taken as a Director to make himself aware of any relevant audit information and to establish that the Company's Auditor is aware of that information.

Annual General Meeting

The Annual General Meeting of the Company will be held virtually on Wednesday, 5 November 2025 at 12.00 noon.

The notice convening the Annual General Meeting is set out on page 94 and includes an explanation of the items of business to be considered at the meeting. This notice can also be found on the Company's website.

Disclosures required by FCA Listing Rule 6.6.1

Listing Rule 6.6.1 requires the Company to include specified information in a single identifiable section of the Annual Report or a cross reference table indicating where the information is set out.

The Directors confirm that no additional disclosures are required in relation to Listing Rule 6.6.1.

By order of the Board

MUFG Corporate Governance Limited

Company Secretary

24 September 2025

STATEMENT OF CORPORATE GOVERNANCE

Statement of Corporate Governance

This corporate governance statement forms part of the Directors' Report.

Introduction

The Board is accountable to Shareholders for the governance of the Company's affairs and is committed to maintaining high standards of corporate governance and the principles of good governance as set out in the UK Corporate Governance Code (the "UK Code") issued by the Financial Reporting Council in July 2018, a copy of which can be found at www.frc.org.uk.

Statement of compliance with the UK Code

Pursuant to the Listing Rules of the FCA, the Company is required to provide Shareholders with a statement on how the principles set out in the UK Code have been applied and whether the Company has complied with the provisions of the UK Code. The Board recognises the importance of a strong corporate governance culture and has established a framework for corporate governance which it considers to be appropriate to the business of the Company as an investment trust.

The Board has reviewed the principles and provisions of the UK Code and considers that it has complied throughout the year, except as disclosed below:

- in light of the responsibilities retained by the Board and the Audit Committee and the responsibilities delegated to the Company's third party service providers, including the Manager, the Company has not appointed a chief executive officer;
- given the structure and size of the Company, the Board does not consider it necessary to appoint separate management engagement, remuneration or nomination committees, and the roles and responsibilities normally reserved for these committees are matters for the full Board; and
- the Company does not have an internal audit function as all of the Company's management functions are performed by third parties whose internal controls are reviewed by the Board. However, the need for an internal audit function is reviewed by the Audit Committee annually.

Last year, the Company appointed Daren Morris as a SID (see page 32). This appointment fulfills Provision 12 of the UK Code, providing a sounding board for the Chairman and serving as an intermediary for the other Directors and shareholders.

STATEMENT OF CORPORATE GOVERNANCE continued

Board of Directors

Under the leadership of the Chairman, the Board is responsible for the effective stewardship of the Company's affairs, including corporate strategy, corporate governance, risk assessment and the investment policy. The Directors have overall responsibility for review of the Company's investment activity and performance and the control and supervision of the Manager and other service providers of the Company.

The Board consists of four non-executive Directors, three of whom are considered to be independent of the Company's Manager. The Board seeks to ensure that it has an appropriate balance of skills and experience and considers that, collectively, the Directors have an appropriate balance of skills, experience, independence and knowledge of the Company to enable it to provide effective strategic leadership and proper governance of the Company.

The terms and conditions of appointment of the Directors are formalised in letters of appointment, copies of which are available for inspection from the Company's registered office. None of the Directors has a contract of service with the Company nor has there been any other contract or arrangement between the Company and any Director at any time during the year.

The Board has ensured that all Directors continually update the skills and knowledge required to fulfil their role both on the Board and the Audit Committee. The Directors have access to the advice and services of the Company Secretary who is responsible to the Board for ensuring that established Board procedures and applicable rules and regulations are complied with.

Chairman

The Chairman leads the Board and is responsible for its overall effectiveness in directing the Company. He promotes a culture of openness and debate and facilitates constructive Board relations and the effective contribution of all Directors. In liaison with the Company Secretary, he ensures that the Directors receive accurate, timely and clear information. The Chairman, Daniel Wright, is deemed by his fellow independent Board members to be independent and free of any conflicts of interest. He considers himself to have sufficient time to spend on the affairs of the Company. The role and responsibilities of the Chairman are clearly defined and set out in writing, copies of which are available on the Company's website.

Independence of the Directors

As part of its annual review, the Board reviewed the independence status of each Director and the Board as a whole. In the Board's opinion, Mr Morris, who is the Company's SID, Sir James Waterlow and Mr Wright are considered to be independent of the Manager in both character and judgement that they perform their duties at all times in an independent manner and that there are no relationships or circumstances which are likely to affect the judgement of any Director.

As set out on page 32, Mr Miller is head of governance and risk oversight, holds the SMF16 and SMF17 roles under the Senior Managers and Certification Regime and sits on the risk management committee at MLCM, the Company's Manager. Therefore, Mr Miller is not deemed to be independent of the Manager. Due to his non-independent status, Mr Miller abstains from discussions about the continuing appointment of the Manager.

Following completion of the review process, the Board is of the opinion that Mr Miller continues to provide effective contributions to the performance of the Board and is committed to his role. As regards his effectiveness, Mr Miller's biographical details set out on page 32 demonstrate the experience he brings to the Board, which is complementary to that of the other Directors.

Apart from Mr Miller, none of the Directors or any persons connected with them had a material interest in the transactions and arrangements of, or the agreement with, the Manager during the year.

Performance review

The Board has established a questionnaire-based process for the annual review of the performance of the Board, the Audit Committee and the individual Directors, led by the Chairman. The Chairman acts on the results of the review by recognising the strengths and addressing any weaknesses of the Board, as appropriate.

Following this year's review, the Board is satisfied that the structure, mix of skills and operation of the Board continue to be effective and relevant for the Company, offering a balance of independence and knowledge of the Company to enable it to provide effective strategic leadership and proper governance of the Company. The performance of each of the Directors continues to be effective and demonstrates commitment to the role and having considered the Directors' other time commitments and directorships. The Board is satisfied that each Director has the capacity to be fully engaged with the Company's business.

The Board does not consider the use of external consultants to conduct this review is likely to provide any meaningful advantage over the process that has been adopted. However, the option of doing so will be regularly reviewed.

STATEMENT OF CORPORATE GOVERNANCE continued

Gender & Diversity

The following disclosures are provided in respect of the FCA Listing Rules targets that: i) 40% of a board should be women; ii) at least one senior role should be held by a woman; and iii) at least one board member should be from a non-white ethnic background, as defined by the Office of National Statistics (ONS) criteria. As an externally managed investment company with no chief executive officer (CEO) or chief financial officer (CFO), the roles which qualify as senior under FCA guidance are Chair and Senior Independent Director (SID). The Board also considers the role of Audit Committee Chair to represent a senior role within this context. The Board has considered that the Company's year end date to be the most appropriate date for disclosure purposes. There have been no changes since 31 July 2025, data has been collected on a self-reporting basis and the Directors were asked to confirm that the data reported at 31 July 2024 remained valid and correct. As at 31 July 2025, the Board comprised four Non-Executive Directors, all men, and included two chartered accountants, one investment trust specialist and a former qualified lawyer. The Board's recruitment process seeks to draw upon as diverse a pool of candidates as possible, including men and women from across all ethnic backgrounds working in the fields of science, industry, finance and technology. The Board is committed to considering meritocracy at all stages of recruitment to the Board and has worked hard to ensure the broadest range of candidates are found when recruiting new directors. When recruiting directors, the Nomination Committee seeks to follow the diversity recommendations of the various Governance Reviews, amongst other factors; consideration is given to all forms of diversity in order to balance both the expertise on, and the structure of, the Board as a whole.

As at 31 July 2025, the Board did not comply with the FCA Listing Rule target with respect to ethnic background nor was it compliant with respect to the 40% target for women or that one senior role should be held by a woman. The Board's ongoing succession planning will take this target into consideration. If anyone reading this Annual Report believes they are a suitable candidate for a non-executive director role on this board and wishes to be considered for succession planning, please contact the Manager of the Company at ir@mlcapman.com with your CV.

Board as at 31 July 2025

Gender	Number of Board Members	% of the Board	Number of senior positions on the Board
Men	4	100%	2
Ethnic background	Number of Board Members	% of the Board	Number of senior positions on the Board
White British or Other White (including minority white groups)	4	100%	2

Election/re-election of Directors

The Board does not have a specific policy on tenure. Under the Company's Articles of Association and in accordance with the UK Code, Directors are subject to election by Shareholders at the first annual general meeting after their appointment. Thereafter, at each annual general meeting, any Director who has not stood for re-election at either of the two preceding annual general meetings shall retire and be subject to re-election. In addition, one-third of the Directors eligible to retire by rotation shall retire from office at each annual general meeting.

Beyond these requirements, the Board has agreed a policy whereby all Directors will seek annual re-election at the Company's annual general meetings. This is in line with the recommendations of the UK Code.

The Board has considered the re-election of Mr Wright, Mr Miller, Mr Morris and Sir James Waterlow at the forthcoming Annual General Meeting and recommends this on the basis of their skills, knowledge and continued contribution.

Induction of new Directors

A procedure for the induction of new Directors has been established, including the provision of an induction pack containing relevant information about the Company, its processes and procedures. New appointees will have the opportunity of meeting with the Chairman and relevant persons at the Manager.

Indemnity provisions

The Board has formalised arrangements under which Directors, in the furtherance of their duties, may take independent professional advice. Under the Company's Articles of Association, the Directors are provided, subject to UK legislation, with an indemnity in respect of liabilities which they may sustain or incur in connection with their appointment. Apart from this, there were no third party indemnity provisions over the course of the year or since the year end.

Board responsibilities and relationship with the Manager

It is the responsibility of the Board to ensure that there is effective stewardship of the Company's affairs and that the Company meets its obligations to Shareholders. Strategic issues and all operational matters of a material nature are determined by the Board and, in order to enable them to discharge their responsibilities, Directors have full and timely access to relevant information. Board responsibilities include:

- changes to the Company's objective and investment policy;
- approval of annual and half-yearly reports and financial statements, circulars and other Shareholder communications;
- appointment and removal of Directors;
- changes to the Company's service providers; and
- use of gearing and derivative instruments for investment purposes.

The Board meets regularly and at each meeting reviews investment performance and financial results and monitors compliance with the Company's objectives.

The Board and Committee agendas are shaped to ensure that discussion is focused on the Company's strategic priorities, principal activities, reviews of significant issues and key elements of the portfolio.

At each Board meeting, the Directors follow a formal agenda which is circulated in advance by the Company Secretary. The Company Secretary, Administrator and Manager regularly provide financial information, together with briefing notes and papers in relation to changes in the Company's economic and financial environment, statutory and regulatory changes and corporate governance best practice.

The Company's day-to-day functions have been subcontracted to a number of service providers, each engaged under separate legal agreements. The management of the Company's assets has been delegated to MLCM, which has discretion to manage the assets in accordance with the Company's investment policy.

At each Board meeting, a representative from the Manager is in attendance to present verbal and written reports covering the Company's activities, portfolio and investment performance over the preceding period. Ongoing communication with the Board is maintained between formal meetings.

STATEMENT OF CORPORATE GOVERNANCE continued

Meetings

The Directors meet at regular Board meetings, with additional meetings arranged as necessary. Board and Committee meetings held during the year 31 July 2025 and the attendance of the individual Directors are shown below:

	Board Meetings	Audit Committee
Number of meetings during the year	3	2
Daniel Wright	3/3	2/2
Brett Miller*	3/3	2/2
Daren Morris	3/3	2/2
Sir James Waterlow	3/3	2/2

^{*} Mr Miller is not a member of the Audit Committee.

Committees

The Board is assisted in its operations by the Audit Committee, the terms of reference for which are available on the Company's website.

Audit Committee

The Audit Committee comprises Mr Wright, Mr Morris and Sir James Waterlow and since his appointment on 10 December 2021 is chaired by Mr Morris. Mr Morris, a qualified chartered accountant, is deemed to have recent and relevant financial experience and the Committee as a whole has competence relevant to the investment trust sector.

A Report from the Audit Committee is set out on pages 47 to 49.

Conflicts of interest

It is the responsibility of each individual Director to avoid an unauthorised conflict of interest situation arising. Directors must request authorisation from the Board as soon as they become aware of the possibility of an interest that conflicts or might possibly conflict with the interests of the Company (a "situational conflict"). The Company's Articles of Association authorise the Board to approve such situations, where deemed appropriate.

The Board is responsible for considering Directors' requests for authorisation of situational conflicts and for deciding whether or not the situational conflict should be authorised. The factors to be considered will include: whether the situational conflict could prevent the Director from properly performing his duties; whether it has, or could have, any impact on the Company; and whether it could be regarded as likely to affect the judgement and/or actions of the Director in question. When the Board is deciding whether to authorise a conflict or potential conflict, only Directors who have no interest in the matter being considered are able to take the relevant decision, and in taking the decision, the Directors must act in a way they consider, in good faith, will be most likely to promote the Company's success. The Directors are able to impose limits or conditions when giving authorisation if they think this is appropriate in the circumstances.

A register of conflicts is maintained by the Company Secretary and is reviewed at Board meetings, to ensure that any authorised conflicts remain appropriate. Directors are required to confirm at these meetings whether there has been any change to their position.

43

Internal control review

The Board is responsible for risk management and ensuring that the Company has in place an effective system of internal financial controls designed to ensure the maintenance of proper accounting records and the safeguarding of the Company's assets. These systems are designed to provide reasonable, but not absolute, assurance against material misstatement or loss. The Board recognises its responsibility for regular review of all aspects of internal financial control.

The Board has established an ongoing process for identifying, evaluating and managing the principal risks faced by the Company. This process is subject to regular review by the Board and is in accordance with the FRC Guidance on Risk Management, Internal Control and Related Finance and Business Reporting. The process was fully in place throughout the year and up to the date of approval of the Financial Statements. The principal risks facing the Company and the actions taken to manage these are detailed on pages 24 to 26.

The Board has established a series of parameters which are designed to limit the inherent risk in managing a portfolio of investments and the Board receives regular reports from the Manager and Administrator, which are reviewed in detail.

Internal control assessment process

The Board has contractually delegated responsibility for management of the investment portfolio, risk management and the provision of accounting services to external service providers. This is after full and proper consideration by the Board of the quality and cost of services offered, including the financial control systems in operation insofar as they relate to the affairs of the Company.

The key procedures which have been established to provide effective internal control, are as follows:

- Investment management and risk management are provided by MLCM. The Manager also
 maintains the Company's risk matrix. The Board is responsible for setting the overall investment
 strategy, monitors the activity of the Manager and reviews the risk matrix regularly at
 Board meetings. The Manager provides reports at these meetings, which cover investment
 performance and compliance matters.
- Custody and safekeeping of assets is undertaken by Morgan Stanley & Co. International plc and JP Morgan Securities PLC.
- The duties of investment management and custody of assets are segregated. The procedures of the individual parties are designed to complement one another.
- MUFG Corporate Governance Limited provides company secretarial services to the Company.
- Fund administration services are provided to the Company by its Administrator, Waystone Administration Solutions (UK) Limited.
- The Directors of the Company clearly define the duties and responsibilities of the service providers and advisers in terms of their contracts. The appointment of service providers and advisers is conducted by the Board after consideration of the standing and reputation of the parties involved. The Directors regularly monitor their ongoing performance and contractual arrangements.
- For investments that are actively traded in organised financial markets, fair value is determined by reference to Exchange quoted market prices at the close of business at the end of the reporting period. The Administrator produces valuation reports independently for the Board based on the Company's valuation policy.

STATEMENT OF CORPORATE GOVERNANCE continued

- Liquidity risk is minimised by investing in a portfolio of quoted companies that are readily realisable. The Manager reports to the Board if there is any material change in the liquidity profile of the Company.
- The Board reviews in detail the financial information produced by the Administrator and the Manager on a regular basis.

The Board has carried out a review of the effectiveness of the risk management and internal control systems and how those systems operated throughout the year. The Directors confirm that no significant failings or weaknesses were identified.

Company Culture

The Company's defined purpose is to deliver its investment objective. The Directors agree that establishing and maintaining a healthy corporate culture among the Board and in its interaction with the Manager and Shareholders will support the delivery on its purpose, values and strategy. The culture of the Board promotes a desire for good governance, mindful of the interests of the Company's stakeholders. The Board believes that, as an investment trust with no employees, this is best achieved by working in partnership with the Manager.

The Company has a number of policies and procedures in place to assist with maintaining a culture of good governance such as those relating to Diversity, Directors' conflicts of interest and Directors' dealings in the Company's Shares. The Board assesses and monitors compliance with these policies as well as the general culture of the Board through Board meetings and in particular during the annual performance review process which is undertaken by each Director (for more information see the performance review section on page 39).

The Board seeks to ensure the alignment of its purpose, values and strategy with its culture through ongoing dialogue and engagement with its service providers, principally the Manager. The culture of the Company's service providers, including their policies, practices and behaviour, is considered by the Board as a whole during the annual review of the performance and continuing appointment of all service providers.

Environmental, social and governance policy

As an investment trust, the Company has adopted the environmental, social and governance policy ("ESG") of its Manager. This ESG policy can be found at the Manager's website at www.mlcapman.com/esg.

In addition, the Company's ethical policy is focused on ensuring that the Company's resources are properly managed and invested within the guidelines approved by the Board.

The Company's Manager ensures that investments are made in companies that it considers to be well managed and subject to appropriate corporate governance. A well-managed company is considered to be one which complies with all the relevant legislation and which meets the environmental, social, community and ethical requirements of the country in which it operates. It is important to recognise that local laws and requirements of some markets do not necessarily equate with those of developed countries.

The Manager performs extensive investment analysis, assessing both the risk and the return of targeted investments for the Company. The depth of its research provides comprehensive insights into the many factors that affect the value of an investment, which also include environmental, social and governance issues. This analysis is monitored by the Manager and reported to the Board.

The Company's ultimate objective is to maximise investment return for its Shareholders without bearing an unacceptable level of risk. Accordingly, the Board and the Manager will seek to favour companies that pursue best practice in governance.

The Company does not use a UK sustainability investment label pursuant to the FCA's Sustainability Disclosure Requirements and Labelling Regime. Sustainability labels help investors find products that have a specific sustainability goal. The Company does not use a sustainability label because it does not have a sustainability investment objective and does not commit to investing a minimum proportion of its assets in companies that display environmental and/or social characteristics.

ESG in practice

Some examples of the Company's ESG policy in practice are set out below:

- The Company is committed to caring for the environment and ensuring that its carbon footprint is minimised. One of the main policies to achieve this is the encouragement of the use of electronic communication with Shareholders, in order to save paper, printing consumables and energy.
- The portfolio holds no exposure to mining or oil and gas exploration companies.
- The Manager's team own cars which are electric vehicles.
- The Manager's team travel to work on foot or on public transport and maximises its use of public transport.
- The Manager looks to conduct all meetings virtually where possible.

Exercise of voting powers

The Board has agreed that a formal policy regarding voting in investee companies is not required. It has given the Manager discretionary voting powers to vote how it deems appropriate whilst maintaining a primary focus on financial returns. The Manager utilised the votes of the Company on twelve different occasions during the year (2024: seven).

Stakeholder Engagement (s172 Statement)

Background

The Directors have a duty (under section 172 of the Companies Act 2006) to promote the success of the Company for the benefit of Shareholders as a whole. In doing so, the Directors must have regard to other broader matters including the likely long-term consequences of any decision, and on the need to foster the Company's relationships with its employees, suppliers, customers and others and to have regard to their interests, the impact of the Company on the community and the environment, and the desirability of maintaining a reputation for high standards of business conduct.

Stakeholders

The Board seeks to understand the needs and priorities of the Company's stakeholders and these are taken into account during all its discussions and as part of its decision-making. The Chairman ensures that the Board as a whole has a clear understanding of the views of Shareholders by receiving regular updates from the Manager.

STATEMENT OF CORPORATE GOVERNANCE continued

During the year under review, the Board has continued to discuss and monitor which parties should be considered as stakeholders of the Company and has again concluded that, as the Company is an externally managed investment trust and does not have any employees or customers in the traditional sense, the Company primarily owed a duty of care to its Shareholders. Furthermore, as a Company with a majority Shareholder, safeguarding the interests of minority Shareholders was considered of particular importance. Due to the Company's relatively small size, the Board considered the impact on parties other than its Shareholders to be minimal and in line with the FRC Guidance in relation to section 172(1) statements, this statement focuses on stakeholders that are considered key to the Company's business, and therefore does not cover every stakeholder in the Company. The section below discusses the actions taken by the Company to ensure that the interests of the Shareholders are taken into account.

The Board is committed to maintaining open channels of communication and to engage with Shareholders in a manner which they find most meaningful, in order to gain an understanding of the views of Shareholders. These include:

- **Annual General Meeting** The Company welcomes and encourages attendance and participation from Shareholders at virtual AGMs and General Meetings, Shareholders have the opportunity to virtually meet the Chairman, the Directors and the Manager and to address questions to them directly.
- Shareholder meetings Unlike trading companies, Shareholders in investment companies often meet with the Manager rather than with members of the board. Throughout the period, the Manager contacted Shareholders and private client investment managers who have holdings in the Company. These contacts and any subsequent meetings are reported to the Directors. After each meeting, contact with the Chairman is offered to Shareholders should any of their concerns remain unrectified in the meeting with the Manager.
 - Feedback from meetings between the Manager and Shareholders is shared with the Board. The Chairman, the Chairman of the Audit Committee or other members of the Board are available to meet with Shareholders to understand their views on governance and the Company's performance where they wish to do so.
- Publications The Annual Report and Half-Year results are made available on the Company's
 website and are circulated to those Shareholders requesting hard copies. These reports
 provide Shareholders with a clear understanding of the Company's portfolio and financial
 position. Feedback and/or questions the Company receives from Shareholders help the
 Company evolve its reporting, aiming to render the reports and updates transparent and
 understandable. The information contained in the reports is supplemented by regular NAV
 announcements and a monthly factsheet available on the Company's website.
- Shareholder concerns Any issues of concern can be addressed to the Board by any Shareholder by emailing the Company Secretary at mlitcosec@cm.mpms.mufg.com. The Manager can be contacted regarding any matters within the scope of its role at IR@mlcapman.com. The Independent Directors and other members of the Board are also available to Shareholders if they have concerns that have not been addressed through the normal channels.

The above mechanisms for engaging with stakeholders are kept under review by the Directors and will be discussed on a regular basis at Board meetings to ensure that they remain effective. The Board recognises the importance of engaging with its core stakeholders, and of taking account of their interests when making decisions. Should the Shareholders of the Company wish to contact the Chair of the Company, they can do so by contacting the registered office of the Company.

REPORT FROM THE AUDIT COMMITTEE

I am pleased to present the Audit Committee (the "Committee") report for the year ended 31 July 2025. The composition of the Committee is set out on page 42.

Role of the Audit Committee

The primary responsibilities of the Committee are to:

- monitor the integrity of the financial statements of the Company and review the financial reporting process and the accounting policies;
- keep under review the effectiveness of the Company's internal control environment and risk management systems;
- make recommendations to the Board in relation to the re-appointment or removal of the external Auditor and its remuneration and to approve its terms of engagement; and
- oversee the relationship with the external Auditor, which includes reviewing the effectiveness
 of the audit process, developing and implementing a policy on the supply of non-audit
 services by the Auditor and reviewing and monitoring the Auditor's independence and
 objectivity.

The Committee has direct access to the Auditor, who is also invited to attend the Committee meeting at which the Annual Report and Financial Statements are reviewed.

Matters considered in the year

The Committee met twice during the financial year. Details of the composition of the Committee, attendance and how its performance review has been conducted are detailed in the Statement of Corporate Governance on pages 37 to 46.

The Committee has:

- reviewed the internal controls and risk management systems of the Company and those of its third party service providers;
- reviewed and, where appropriate, updated the Company's principal risks and uncertainties;
- agreed the audit plan with the Auditor, including the principal areas of focus, and agreed the audit fee;
- · received and discussed with the Auditor its report on the results of the audit; and
- reviewed the Company's half-yearly and annual financial statements and advised the Board accordingly.

The Audit Committee has reviewed and, where appropriate, updated the risk matrix. This is done on a six-monthly basis.

REPORT FROM THE AUDIT COMMITTEE continued

Significant issues

The significant issues considered by the Committee in relation to the Company's Annual Report and Financial Statements were:

- Valuation of investments: During the year, the Committee reviewed the valuation process for the Company's investments and the systems in place to ensure the accuracy of these valuations, their validity in light of liquidity and the criteria used by the Manager and the Company's Auditor when assessing whether valuations are appropriate.
- Internal control systems: The Committee reviewed the internal control systems by continually monitoring the services and controls of its third party service providers. There were no significant matters of concern identified in the Committee's review of the internal controls of its third party service providers.
- Going concern and long-term viability: The Committee assessed every six months that it remained appropriate to prepare the Company's Financial Statements on a going concern basis, and made its recommendations to the Board. The Board's conclusions are set out on page 35. The Committee also considered the longer-term viability statement within the Annual Report for the year ended 31 July 2025. This statement is set out on pages 35 and 36.

Following consideration and detailed review of the above, the Committee was of the opinion that the Annual Report and Financial Statements, taken as a whole, are fair, balanced and understandable, and provide the information necessary to assess the Company's position and performance, business model and strategy, and advised the Board accordingly.

Auditor

Deloitte LLP ("Deloitte") were appointed as the Company's Auditor on 28 November 2016, in relation to the audit for the year ended 31 July 2017. Their appointment was approved by Shareholders at the Annual General Meeting held on 27 November 2017.

Michael Caullay is the audit partner for 2024/2025.

In accordance with audit tender requirements, the Company, being a public interest entity, intends to carry out an audit tender during 2026 in respect of the 2027 audit.

Audit fees and non-audit services provided by the Auditor

The Committee reviewed and approved the audit plan and fees presented by the Auditor and considered its report on the Financial Statements. Details of the audit fee for the year ended 31 July 2025 are set out in note 4 to the Financial Statements.

The Committee reviews the need for non-audit services and authorises such on a case-by-case basis, giving consideration to the cost effectiveness of the services and the independence and objectivity of the Auditor, and taking into account relevant UK law, regulation, ethical standards and other professional and regulatory requirements. Non-audit work may be given to the external Auditor unless there is a conflict of interest or someone else is considered to have more relevant experience. Any non-audit work to be carried out by the Auditor, including any special projects, must be approved by the Committee in advance. No non-audit services were provided by the Auditor during the year (2024: nil).

Independence and objectivity of the Auditor

As part of the review of the Auditor's independence and objectivity, Deloitte has confirmed that it is independent of the Company and has complied with relevant auditing and ethical standards. In evaluating Deloitte, the Committee has taken into consideration the standing, skills and experience of the firm and the audit team. The Committee, from direct observation and enquiry of the Manager, the Administrator and the Company Secretary, is satisfied that Deloitte is both independent and effective at carrying out its responsibilities. Deloitte's performance will continue to be reviewed annually taking into account all relevant governance guidance and best practice. Should the Auditor become aware of any situation that might potentially compromise its independence, the Committee expects the Auditor to bring that situation to its attention at the earliest opportunity.

Effectiveness of external audit

The Chairman of the Committee maintains regular contact with the Auditor and the Committee has considered the performance of the Auditor, the services provided by it during the year and reviewed its independence and objectivity.

The Committee also monitors and reviews the effectiveness of the external audit process for the Annual Report, including a detailed review of the audit plan and audit results report and discussion of these with the Auditor, and makes recommendations to the Board on the appointment/reappointment, remuneration and terms of engagement of the Auditor. Any concerns regarding the effectiveness of the external audit process would be reported to the Board. No concerns were raised in respect of the year ended 31 July 2025.

Re-appointment of the Auditor

In determining whether to recommend the re-appointment of the Auditor, the Committee takes into account their effectiveness, relevant knowledge and value added service together with value for money. On the basis of this assessment, the Committee recommended to the Board to propose the re-appointment of Deloitte as Auditor to the Company at the forthcoming Annual General Meeting.

Daren Morris

Chairman of the Audit Committee

24 September 2025

DIRECTORS' REMUNERATION REPORT

The Board has prepared this report in accordance with Schedule 8 of The Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 (Accounting Regulations) as amended in respect of the year ended 31 July 2025. An ordinary resolution for the approval of this Report will be put to Shareholders at the forthcoming Annual General Meeting.

The law requires the Company's Auditor to audit certain disclosures provided. Where disclosures have been audited, they are indicated as such. The Auditor's opinion is included in the Independent Auditor's Report on pages 58 to 67.

Annual statement from Chairman

I am pleased to present the Directors' Remuneration Report for the year ended 31 July 2025.

The Board reviewed the level of remuneration payable to each Director during the year. Each Director of the Company takes no part in discussions concerning their own remuneration.

The Chairman is paid a fee of £35,000, the Audit Committee Chairman is paid a fee of £30,000, the fee paid to other independent Directors is £27,000 and the fee for non-independent Directors is £25,000.

The Directors' Remuneration Policy was approved by shareholders at the 2024 Annual General Meeting. The Board does not propose to make any changes to the existing remuneration policy. There will be no significant change in the way the remuneration policy is implemented during the course of the next financial year.

Directors' emoluments for the year (audited)

The Directors who served during the year received the following emoluments in the form of fees:

	Fe	Fees		Expenses*		tal
	Year to 31 July 2025 £	Year to 31 July 2024 £	Year to 31 July 2025 £	Year to 31 July 2024 £	Year to 31 July 2025 £	Year to 31 July 2024 £

The Directors' Remuneration Report was approved by the Board of Directors and signed on its behalf by:

Daniel Wright

Chairman

24 September 2025

REMUNERATION POLICY

This Remuneration Policy was approved by Shareholders at the Annual General Meeting on 6 November 2024. The policy provisions set out below will apply until they are next put to Shareholders for approval, which must be at intervals of at least once every three years, or the Remuneration Policy is varied, in which event, Shareholder approval for the new Remuneration Policy will be sought at the forthcoming Annual General Meeting. Notwithstanding this, the Board wishes to put the Remuneration Policy to Shareholders for approval annually.

The Board reviews and sets the level of remuneration payable to each Director annually.

The Company's Articles of Association limit the aggregate fees payable to the Directors to a total of £500,000 per annum. Subject to this overall limit, it is the Board's policy that the remuneration of Directors should be set at a level that is commensurate with the duties and responsibilities of the role. Remuneration levels elsewhere in the investment trust industry and all other relevant information are taken in account when considering Directors' fees. The Board considers that the current policy to remunerate the Directors by way of fixed fees is appropriate to the Company's present circumstances and there are no plans to introduce any alternative remuneration schemes.

Directors are not eligible for bonuses, pension benefits, Share options, long-term incentive schemes or other benefits. It is the Board's policy that Directors do not have service contracts but are provided with letters of appointment as a non-executive Director.

Future pay (unaudited)

Component	Director	Rate at 1 August 2025	Purpose of Remuneration
Annual fee	Chairman	£35,000	Commitment as Chairman ¹
Annual fee	Chairman of the Audit Committee	£30,000	Commitment as Audit Committee Chairman ¹
Annual fee	Independent Director	£27,000	Commitment as an independent non-executive Director ²
Annual fee	Non-independent Director	£25,000	Commitment as a non-independent non-executive Director ³
Expenses	All Directors	N/A	Reimbursement of expenses incurred in the performance of duties as a Director

¹ The Company's policy is for the Chairman and the Audit Committee Chairman to be paid higher fees than the other Directors to reflect the more onerous roles.

Fees for any new Director appointed will be on the above basis. Fees payable in respect of subsequent periods will be determined by the Board following an annual review.

Any views expressed by Shareholders on the fees being paid to Directors would be taken into consideration by the Board. There are no performance conditions attaching to the remuneration of the Directors as the Board does not consider such arrangements or benefits necessary or appropriate for non-executive Directors. Under the Directors' letters of appointment, there is a notice period of six months and no compensation is payable to a Director on loss of office.

² The Company's Articles of Association limit the aggregate fees payable to the Board of Directors to a total of £500,000 per annum.

³ The Company's policy is to apply a discount to the fee paid to a non-independent Director.

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RELATION TO THE ANNUAL REPORT AND FINANCIAL STATEMENTS

The Directors are responsible for preparing the Company's Annual Report and Financial Statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare Financial Statements for each financial period. Under that law, the directors are required to prepare the group financial statements in accordance with United Kingdom adopted international accounting standards. Under Company law, the Directors must not approve the Financial Statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing the Financial Statements, the Directors are required to:

- select suitable accounting policies in accordance with IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' and then apply them consistently;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- provide additional disclosure when compliance with specific requirements in IFRS is insufficient to enable users to understand the impact of particular transactions, other events and conditions on the Company's financial position and financial performance;
- state that the Company has complied with IFRS, subject to any material departures disclosed and explained in the Financial Statements;
- · make judgements and estimates that are reasonable and prudent; and
- prepare Financial Statements on a going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy, at any time, the financial position of the Company and to enable them to ensure that the Financial Statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Under applicable law and regulations, the Directors are also responsible for preparing a Strategic Report, Directors' Report, Directors' Remuneration Report and Corporate Governance Statement that comply with that law and those regulations, and ensuring that the Annual Report includes information required by the Listing Rules and Disclosure Guidance and Transparency Rules of the FCA.

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RELATION TO THE ANNUAL REPORT AND FINANCIAL STATEMENTS continued

The Financial Statements are published on the Company's website,

www.mlcapman.com/manchester-london-investment-trust-plc, which is maintained on behalf of the Company by the Manager. The Manager has agreed to maintain, host, manage and operate the Company's website and to ensure that it is accurate and up-to-date and operated in accordance with applicable law. The work carried out by the Auditor does not involve consideration of the maintenance and integrity of this website and accordingly, the Auditor accepts no responsibility for any changes that have occurred to the Financial Statements since they were initially presented on the website. Visitors to the website need to be aware that legislation in the United Kingdom covering the preparation and dissemination of the Financial Statements may differ from legislation in their jurisdiction.

We confirm that to the best of our knowledge:

- i. the Financial Statements, prepared in accordance with the IFRS, give a true and fair view of the assets, liabilities, financial position and profit of the Company; and
- ii. the Annual Report includes a fair review of the development and performance of the business and position of the Company, together with a description of the principal risks and uncertainties that it faces.

The Directors consider that the Annual Report and Financial Statements, taken as a whole, are fair, balanced and understandable and provide the information necessary for Shareholders to assess the Company's position and performance, business model and strategy.

On behalf of the Board

Daniel Wright

Chairman

24 September 2025

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS

Report on the audit of the Financial Statements

1. Opinion

In our opinion the Financial Statements of Manchester and London Investment Trust plc (the 'Company'):

- give a true and fair view of the state of the Company's affairs as at 31 July 2025 and of its return for the year then ended;
- have been properly prepared in accordance with United Kingdom adopted international accounting standards and the Statement of Recommended Practice issued by the Association of Investment Companies in July 2022 "Financial Statements of Investment Trust Companies and Venture Capital Trusts"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the Financial Statements which comprise:

- the statement of comprehensive income;
- the statement of changes in equity;
- the statement of financial position;
- · the statement of cash flows; and
- the related notes 1 to 19.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom adopted international accounting standards and the Statement of Recommended Practice issued by the Association of Investment Companies ("SORP") in July 2022 "Financial Statements of Investment Trust Companies and Venture Capital Trusts".

2. Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the Financial Statements section of our report.

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the Financial Statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard as applied to listed public interest entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We confirm that we have not provided any non-audit services prohibited by the FRC's Ethical Standard to the Company.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

3. Summary of our audit approach					
	The key audit matter that we identified in the current year was valuation and existence of listed investments.				
Key audit matters	Within this report, key audit matter is identified as follows:				
	Similar level of risk				
Materiality	The materiality that we used in the current year was £4.1m which was determined on the basis of 1% of net assets.				
Scoping	We performed our audit scoping based upon quantitative and qualitative risk assessment factors for each account balance recorded as at 31 July 2025.				
Significant changes in our approach	There have been no significant changes to our audit approach in the current year.				

4. Conclusions relating to going concern

In auditing the Financial Statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the Financial Statements is appropriate.

Our evaluation of the Directors' assessment of the Company's ability to continue to adopt the going concern basis of accounting included:

- Considering as part of our risk assessment the nature of the Company, its business model
 and related risks, the requirements of the applicable financial reporting framework and the
 system of internal control;
- Assessed the underlying data and appropriateness of key assumptions used to make the going concern assessment, including assessment of the accuracy of forecasts and evaluation of the Directors' plans for future actions in relation to their going concern assessment;
- Assessing the liquidity and ability of the Investment Manager to trade in the investment portfolio to cover operational expenditure as appropriate; and
- Assessing the appropriateness of the going concern disclosure in note 1 to the Financial Statements.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the Financial Statements are authorised for issue.

In relation to the reporting on how the Company has applied the UK Corporate Governance Code, we have nothing material to add or draw attention to in relation to the Directors' statement in the Financial Statements about whether the Directors considered it appropriate to adopt the going concern basis of accounting.

Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS continued

5. Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) that we identified. These matters included those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team.

These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

5.1. Valuation and existence of listed investments (>)

Key audit matter description

The listed investments of the Company of £376m (2024: £309m) make up 89.2% (2024: 91.5%) of total assets of the Company at 31 July 2025.

There is a risk that the listed investments may not be valued correctly or may not represent the assets of the Company. Given the nature and size of the balance and its importance to the Company, we have considered that there is a potential risk of fraud in this area.

See the accounting policy in note 1 of the Financial Statements and also note 9 of the Financial Statements.

How the scope of our audit responded to the key audit matter

We performed the following procedures to address the key audit matter identified:

- With involvement of financial instruments specialists assessed the valuation methodology applied in valuation of listed investments;
- inspected the internal controls report over the administrator to obtain an understanding of relevant controls relating to existence and valuation of listed investments;
- agreed 100% of the Company's listed investment portfolio at the year end to confirmations received directly from the depositary;
- agreed 100% of the closing prices of listed investments on the investment ledger at year end to closing prices published by an independent pricing source.

Key observations

Based on the work performed, we concluded that the valuation and existence of listed investments are appropriate.

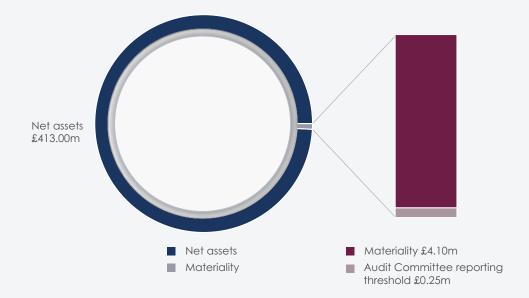

6. Our application of materiality

6.1. Materiality

We define materiality as the magnitude of misstatement in the Financial Statements that makes it probable that the economic decisions of a reasonably knowledgeable person would be changed or influenced. We use materiality both in planning the scope of our audit work and in evaluating the results of our work.

Based on our professional judgement, we determined materiality for the Financial Statements as a whole as follows:

Materiality	£4.1m (2024: £3.3m)
Basis for determining materiality	1% of net assets (2024: 1% of net assets)
Rationale for the benchmark applied	We have used net assets as our materiality benchmark as we consider it to be the most relevant indicator of the Company's performance for the users of the Financial Statements, as well as being a key driver of shareholder value.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS continued

6.2. Performance materiality

We set performance materiality at a level lower than materiality to reduce the probability that, in aggregate, uncorrected and undetected misstatements exceed the materiality for the Financial Statements as a whole. Performance materiality was set at 70% of materiality for the 2025 audit (2024: 70%). In determining performance materiality, we considered the following factors:

- a. The Company's structure and operating model.
- b. The continuity in place within the business from the previous year with both management and the administrator.
- c. cThe lack of changes to accounting policies during the current period which would require significant judgement.
- d. Our experience from prior period audits, where there has not been a history of uncorrected misstatements or controls deficiencies.
- e. The quality of the control environment and whether we were able to rely on controls.

6.3. Error reporting threshold

We agreed with the audit committee that we would report to the Committee all audit differences in excess of £0.25m (2024: £0.17m), as well as differences below that threshold that, in our view, warranted reporting on qualitative grounds. We also report to the audit committee on disclosure matters that we identified when assessing the overall presentation of the Financial Statements.

7. An overview of the scope of our audit

7.1. Scoping

Our audit scope was determined by obtaining an understanding of the Company and its environment, including internal controls, and assessing the risks of material misstatement. Audit work to respond to the risks of material misstatement was performed directly by the audit engagement team

7.2. Our consideration of the control environment

In assessing the Company's control environment, we considered controls in place at the Company's service organisation which acts as administrator. As part of this, we reviewed the System and Organisation Controls (SOC 1) Reports of the service organisation, specifically the controls relating to financial reporting and valuation and existence of listed investments. We also reviewed the controls report of the service organisation in respect of general IT controls. Further, we obtained an understanding of relevant business processes and controls that address the risk of material misstatement in financial reporting.

7.3. Our consideration of climate-related risks

In planning our audit, we have considered the potential impact of climate change on the business and its Financial Statements. The Company continues to develop its model for assessing and assigning an ESG score on existing and potential investments based on assessment of the potential impacts of environmental, social and governance ("ESG") related risks, including climate change, as outlined on pages 44 and 45 of the annual report. As a part of our audit, we obtained an understanding of the entity's process of identifying climate-related risks and the impact on the Company's Financial Statements. We have read the climate related disclosures in the annual report to consider whether they are materially consistent with the Financial Statements and our knowledge obtained in the audit.

63

8. Other information

The other information comprises the information included in the annual, other than the Financial Statements and our auditor's report thereon. The Directors are responsible for the other information contained within the annual report.

Our opinion on the Financial Statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated.

If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the Financial Statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

9. Responsibilities of Directors

As explained more fully in the Directors' responsibilities statement, the Directors are responsible for the preparation of the Financial Statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

10. Auditor's responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

A further description of our responsibilities for the audit of the Financial Statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS continued

11. Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

11.1. Identifying and assessing potential risks related to irregularities

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, we considered the following:

- the nature of the industry and sector, control environment and business performance including the design of the Company's remuneration policies, key drivers for Directors' remuneration, bonus levels and performance targets;
- results of our enquiries of management, the Directors and the audit committee about their own identification and assessment of the risks of irregularities, including those that are specific to the Company's sector;
- any matters we identified having obtained and reviewed the Company's documentation of their policies and procedures relating to:
 - identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance;
 - detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud; and
 - the internal controls established to mitigate risks of fraud or non-compliance with laws and regulations.
- the matters discussed among the audit engagement team and relevant internal specialists, including tax, IT, and financial instrument specialists regarding how and where fraud might occur in the Financial Statements and any potential indicators of fraud.

As a result of these procedures, we considered the opportunities and incentives that may exist within the organisation for fraud and identified the greatest potential for fraud in the following area: valuation and existence of listed investments. In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override.

We also obtained an understanding of the legal and regulatory framework that the Company operates in, focusing on provisions of those laws and regulations that had a direct effect on the determination of material amounts and disclosures in the Financial Statements. The key laws and regulations we considered in this context included the UK Companies Act, Listing Rules and Investment Trust Tax Legislation.

In addition, we considered provisions of other laws and regulations that do not have a direct effect on the Financial Statements but compliance with which may be fundamental to the Company's ability to operate or to avoid a material penalty.

11.2. Audit response to risks identified

As a result of performing the above, we identified the valuation and existence of listed investments as a key audit matter related to the potential risk of fraud. The key audit matters section of our report explains the matter in more detail and also describes the specific procedures we performed in response to that key audit matter.

In addition to the above, our procedures to respond to risks identified included the following:

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the Financial Statements;
- enquiring of management and the audit committee concerning actual and potential litigation and claims;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- · reading minutes of meetings of those charged with governance; and
- in addressing the risk of fraud through management override of controls, testing the appropriateness of journal entries and other adjustments; assessing whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business.

We also communicated relevant identified laws and regulations and potential fraud risks to all engagement team members including internal specialists, and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

Report on other legal and regulatory requirements

12. Opinions on other matters prescribed by the Companies Act 2006

In our opinion the part of the Directors' remuneration report to be audited has been properly prepared in accordance with the Companies Act 2006.

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the Directors' report for the financial year for which the Financial Statements are prepared is consistent with the Financial Statements;
 and
- the strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the Directors' report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS continued

13. Corporate Governance Statement

The Listing Rules require us to review the Directors' statement in relation to going concern, longerterm viability and that part of the Corporate Governance Statement relating to the Company's compliance with the provisions of the UK Corporate Governance Code specified for our review.

Based on the work undertaken as part of our audit, we have concluded that each of the following elements of the Corporate Governance Statement is materially consistent with the Financial Statements and our knowledge obtained during the audit:

- the Directors' statement with regards to the appropriateness of adopting the going concern basis of accounting and any material uncertainties identified set out on page 35;
- the Directors' explanation as to its assessment of the Company's prospects, the period this assessment covers and why the period is appropriate set out on page 35;
- the Directors' statement on fair, balanced and understandable set out on page 48;
- the Board's confirmation that it has carried out a robust assessment of the emerging and principal risks set out on page 26;
- the section of the annual report that describes the review of effectiveness of risk management and internal control systems set out on page 44; and
- the section describing the work of the audit committee set out on page 47.

14. Matters on which we are required to report by exception

14.1. Adequacy of explanations received and accounting records

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- · adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the Financial Statements are not in agreement with the accounting records and returns.

We have nothing to report in respect of these matters.

14.2. Directors' remuneration

Under the Companies Act 2006 we are also required to report if in our opinion certain disclosures of Directors' remuneration have not been made or the part of the Directors' remuneration report to be audited is not in agreement with the accounting records and returns.

We have nothing to report in respect of these matters.

15. Other matters which we are required to address

15.1. Auditor tenure

Following the recommendation of the audit committee, we were appointed by the Board of Directors on 28 November 2016 to audit the Financial Statements for the year ending 31 July 2017 and subsequent financial periods. The period of total uninterrupted engagement including previous renewals and reappointments of the firm is 9 years, covering the years ending 31 July 2017 to 31 July 2025.

15.2. Consistency of the audit report with the additional report to the audit committee

Our audit opinion is consistent with the additional report to the audit committee we are required to provide in accordance with ISAs (UK).

16. Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Michael Caullay (Senior statutory auditor) For and on behalf of Deloitte LLP Statutory Auditor Glasgow, United Kingdom

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

For the year ended 31 July 2025

1. General information and accounting policies

Manchester and London Investment Trust plc is a public limited company incorporated in the UK and registered in England and Wales. The principal activity of the Company is that of an investment trust company within the meaning of Sections 1158/1159 of the Corporation Tax Act 2010 and its investment approach is detailed in the Strategic Report.

The Company's Financial Statements have been prepared in accordance with United Kingdom adopted international accounting standards in conformity with the requirements of the Companies Act 2006. The Financial Statements have also been prepared in accordance with the AIC SORP for the financial statements of investment trust companies and venture capital trusts.

Basis of preparation

In order to better reflect the activities of an investment trust company and in accordance with the AIC SORP, supplementary information which analyses the Statement of Comprehensive Income between items of revenue and capital nature has been prepared alongside the Statement of Comprehensive Income.

The Financial Statements are presented in Sterling, which is the Company's functional currency as the UK is the primary environment in which it operates, rounded to the nearest \pounds '000, except where otherwise indicated.

Going concern

The financial statements have been prepared on a going concern basis and on the basis that approval as an investment trust company will continue to be met.

The Directors have made an assessment of the Company's ability to continue as a going concern and are satisfied that the Company has adequate resources to continue in operational existence for a period of at least 12 months from the date when these financial statements were approved.

In making the assessment, the Directors of the Company have considered the likely impacts of international and economic uncertainties on the Company, operations and the investment portfolio. These include, but are not limited to, the impact of another pandemic, the war in Ukraine, political instability across Europe, supply shortages and inflationary pressures.

The Directors noted that the Company, with the current cash balance and holding a portfolio of listed investments, is able to meet the obligations of the Company as they fall due. The current cash balance, enables the Company to meet any funding requirements and finance future additional investments. The Company is a closed-end fund, where assets are not required to be liquidated to meet day to day redemptions.

The Directors have completed stress tests assessing the impact of changes in market value and income with associated cash flows. In making this assessment, they have considered plausible downside scenarios. The conclusion was that in a plausible downside scenario the Company could continue to meet its liabilities. Whilst the economic future is uncertain, and the Directors believe that it is possible the Company could experience further reductions in income and/or market value, the opinion of the Directors is that this should not be to a level which would threaten the Company's ability to continue as a going concern.

The Directors, the Manager and other service providers have put in place contingency plans to minimise disruption. Furthermore, the Directors are not aware of any material uncertainties that may cast significant doubt on the Company's ability to continue as a going concern, having taken into account the liquidity of the Company's investment portfolio and the Company's financial position in respect of its cash flows, borrowing facilities and investment commitments (of which there are none of significance). Therefore, the financial statements have been prepared on the going concern basis.

Segmental reporting

The Directors are of the opinion that the Company is engaged in a single segment of business, being investment business. The Company primarily invests in companies listed on recognised international exchanges.

75

1. General information and accounting policies continued

Accounting developments

In the year under review, the Company has applied amendments to IFRS issued by the IASB adopted in conformity with United Kingdom adopted international accounting standards. These include annual improvements to IFRS, changes in standards, legislative and regulatory amendments, changes in disclosure and presentation requirements. This incorporated:

- Classification of liabilities as current or non-current (Amendments to IAS 1);
- Non-current liabilities with Covenants (Amendments to IAS 1;
- Supplier Finance Arrangements Amendments to IAS 7 and IFRS 7; and

The adoption of the changes to accounting standards has had no material impact on these or prior years' financial statements. These are amendments to IAS/IFRS that are not yet mandatorily effective:

- Lack of Exchangeability (Amendments to IAS 21). The amendments contain guidance to specify when a currency is exchangeable and how to determine the exchange rate when it is not:
- Classification and Measurement of Financial Instruments (Amendments to IFRS 7 and IFRS 9). The amendments address matters identified during the post-implementation review of the classification and measurement requirements of IFRS 9 Financial Instruments; and
- Presentation and Disclosures in Financial Statements (IFRS 18). New presentation requirements for the classification of income and expenses and enhanced disclosures regarding management-defined performance indicators.
- Annual improvements to IFRS Standards.

The Directors do not anticipate the adoption of these will have a material impact on the financial statements.

Critical accounting judgements and key sources of estimation uncertainty

The preparation of financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of policies and the reported amounts in the financial statements. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

There were no significant accounting estimates or critical accounting judgements in the year.

Investments

Investments are measured initially, and at subsequent reporting dates, at fair value through profit and loss, and derecognised at trade date where a purchase or sale is under a contract whose terms require delivery within the timeframe of the relevant market. For listed equity investments, this is deemed to be closing prices.

Changes in fair value of investments are recognised in the Statement of Comprehensive Income as a capital item. On disposal, realised gains and losses are also recognised in the Statement of Comprehensive Income as capital items.

All investments for which fair value is measured or disclosed in the Financial Statements are categorised within the fair value hierarchy in note 9.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS continued

For the year ended 31 July 2025

1. General information and accounting policies continued

Financial instruments

The Company may use a variety of derivative instruments, including equity swaps (also referred to as contracts for differences), futures, forwards and options under master agreements with the Company's derivative counterparties to enable the Company to gain long and short exposure on individual securities.

The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. Listed options and futures contracts are recognised at fair value through profit or loss valued by reference to the underlying market value of the corresponding security, traded prices and/or third party information.

Notional dividend income arising on long positions is recognised in the Statement of Comprehensive Income as revenue. Interest expenses on open long positions are allocated to capital. All remaining interest or financing charges on derivative contracts are allocated to the revenue account.

Unrealised changes to the value of securities in relation to derivatives are recognised in the Statement of Comprehensive Income as capital items.

Foreign currency

Transactions denominated in foreign currencies are converted to Sterling at the actual exchange rate as at the date of the transaction. Monetary assets and liabilities and non-monetary assets held at fair value denominated in foreign currencies at the year end are translated at the Statement of Financial Position date. Any gain or loss arising from a change in exchange rate subsequent to the date of the transaction is included as an exchange gain or loss in the capital reserve or the revenue account depending on whether the gain or loss is capital or revenue in nature.

Cash and cash equivalents

Cash comprises cash in hand. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value.

For the purposes of the Statement of Financial Position and the Statement of Cash Flows, cash and cash equivalents consist of cash and cash equivalents as defined above.

Cash held in margin/collateral accounts at the Company's brokers is presented as Cash collateral receivable from brokers in the financial statements. Any cash collateral owed back to the brokers on marked to market gains of Equity Swaps is shown in the financial statements as Cash collateral payable to brokers.

Trade receivables, trade payables and short-term borrowings

Trade receivables, trade payables and short-term borrowings are measured at amortised cost.

Revenue recognition

Revenue is recognised when it is probable that economic benefits associated with a transaction will flow to the Company and the revenue can be reliably measured.

Dividends from overseas companies are shown gross of any non-recoverable withholding taxes which are disclosed separately in the Statement of Comprehensive Income.

Dividends receivable on quoted equity shares are taken to revenue on an ex-dividend basis. Dividends receivable on equity shares where no ex-dividend date is quoted are brought into account when the Company's right to receive payment is established.

All other income is accounted for on a time-apportioned basis and recognised in the Statement of Comprehensive Income.

1. General information and accounting policies continued

Expenses

All expenses are accounted for on an accruals basis and are charged to revenue. All other administrative expenses are charged through the revenue column in the Statement of Comprehensive Income.

Finance costs

Finance costs are accounted for on an accruals basis.

Financing charged by the Prime Brokers on open long positions are allocated to capital, with other finance costs being allocated to revenue.

Taxation

The charge for taxation is based on the net revenue for the year and any deferred tax.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amount for financial reporting purposes at the reporting date. Deferred tax assets are only recognised if it is considered more likely than not that there will be suitable profits from which the future reversal of timing differences can be deducted. In line with recommendations of the AIC SORP, the allocation method used to calculate the tax relief on expenses charged to capital is the "marginal" basis. Under this basis, if taxable income is capable of being offset entirely by expenses charged through the revenue account, then no tax relief is transferred to the capital account.

No taxation liability arises on gains from sales of investments by the Company by virtue of its investment trust status. However, the net revenue (excluding investment income) accruing to the Company is liable to corporation tax at prevailing rates.

Dividends payable to Shareholders

Dividends to Shareholders are recognised as a liability in the period in which they are approved and are taken to the Statement of Changes in Equity. Dividends declared and approved by the Company after the Statement of Financial Position date have not been recognised as a liability of the Company at the Statement of Financial Position date.

Share capital

The share capital is the nominal value of issued ordinary shares and is not distributable.

Share premium

The Share premium account represents the accumulated premium paid for Shares issued in previous periods above their nominal value less issue expenses. This is a reserve forming part of the non-distributable reserves. The following items are taken to this reserve:

- costs associated with the issue of equity;
- premium on the issue of Shares; and
- premium on the sales of Shares held in Treasury over the market value.

Special Reserve

The special reserve was created by a cancellation of the share premium account increasing the distributable reserves of the Company. The special reserve is distributable, and the following items are taken to this reserve:

- · costs of share buy-backs, including related stamp duty and transaction costs; and
- dividends.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS continued

For the year ended 31 July 2025

1. General information and accounting policies continued

Capital reserve

The following are taken to capital reserve:

- gains and losses on the realisation of investments;
- increases and decreases in the valuation of the investments held at the year end;
- cost of share buy backs;
- exchange differences of a capital nature; and
- expenses, together with the related taxation effect, allocated to this reserve in accordance with the above policies.

Retained earnings

The revenue reserve represents accumulated revenue account profits and losses. The surplus accumulated profits are distributable by way of dividends.

2. Income

	2025 £'000	2024 £'000
Dividends from listed investments	1,090	1,092
Bank interest	1,251	1,354
	2,341	2,446
3. Management fee	2025 £'000	2024 £'000
Base fee	2,388	1,399
Risk management and valuation fee	59	59
	2,447	1,458

With effect from 1 September 2024, the Board agreed with the Manager a new tiered management fee replacing the prior fee arrangements.

Tiered Management Fee:

- 0.7% per annum of the NAV up to and including £750 million;
- 0.5% per annum of the NAV between £750 million and £1.5 billion; and
- 0.3% per annum of the NAV above £1.5 billion.

There will be no performance fee payable to the Manager.

Annual Report & Financial Statements 2025

3. Management fee continued

Risk Management and Valuation fee:

There will be no change to the Risk Management and Valuation fee, however, the fee will be adjusted annually in January by the UK Consumer Prices Index ("CPI") with the first increase being in January 2026 on the basis of the January 2026 CPI (percentage change over 12 months) figure.

The Board believes that the new fee structure offers a simpler and more predictable arrangement, removes the unnecessary volatility in ongoing charges for shareholders and allows the Manager to better plan for the future and broaden the expertise of the management team supporting the Company. It also addresses concerns raised by proxy advisors and compliance departments over the variability of the fee arrangements.

Also, the Board believes that the changes have the potential to generate cost savings for shareholders in both the short and long-term, in particular, if the Company were to see a material increase in NAV.

In addition, a Risk Management and Valuation fee equating to £59,000 on an annualised basis is charged by the AIFM. The Manager is also reimbursed any expenses incurred by it on behalf of the Company.

4. Other operating expenses

	2025 £'000	2024 £'000
Directors' fees	117	102
Auditors' remuneration	39	37
Registrar fees	39	32
Depositary fees	122	101
Other expenses	318	291
	635	563

Other operating expenses include irrecoverable VAT where appropriate, excluding the Auditors' and Directors' remuneration which have been shown net of VAT.

No non-audit services were provided by Deloitte LLP in the year to 31 July 2025.

5. Finance costs

	2025 £'000	2024 £'000
Charged to revenue	105	68
Charged to capital*	2,999	2,966
	3,104	3,034

^{*} Finance costs charged to capital relate to interest on equity swaps.

Overseas tax not recoverable	109	-	109	144	_	144
	109	_	109	144	_	144

b) The current taxation charge for the year is lower than the standard rate of Corporation Tax in the UK of 25% (2024: 25%).

The differences are explained below:

	Year to 31 July 2025 Revenue Capital Total £'000 £'000 £'000		Revenue £'000	Year to 31 July 2024 Capital £'000	Total £'000	
Net return before taxation	(500)	101,968	101,468	714	120,590	121,304
Theoretical tax at UK corporation tax rate of 25% (2024: 25%)	(125)	25,492	25,367	178	30,147	30,325
Effects of:						
Foreign dividends that are not taxable	(221)	-	(221)	(208)	_	(208)
Non-taxable investment gains	-	(26,243)	(26,243)	_	(30,889)	(30,889)
Offshore income gains	-	-	-	63	_	63
Irrecoverable overseas tax	109	-	109	144	_	144
Unrelieved excess expenses	346	751	1,097	(33)	742	709
Total tax charge	109	_	109	144	_	144

c) Factors that may affect future tax charges.

At 31 July 2025, there is an unrecognised deferred tax asset, measured at the latest enacted tax rate of 25%, of £5,872,000 (2024: £4,775,000). This deferred tax asset relates to surplus management expenses and non trade loan relationship debits. It is unlikely that the company will generate sufficient taxable profits in the foreseeable future to recover these amounts and therefore the asset has not been recognised in the year, or in prior years.

As at 31 July 2025, the company has unrelieved capital losses of £9,329,000 (2024: £9,329,000). There is therefore, a related unrecognised deferred tax asset, measured at the latest enacted rate of 25%, of £2,332,000 (2024: £2,332,000). These capital losses can only be utilised to the extent that the company does not qualify as an investment trust in the future and, as such, the asset has not been recognised.

7. Dividends

Amounts recognised as distributions to equity holders in the year:	2025 £'000	2024 £'000
Final ordinary dividend for the year ended 31 July 2024 of 7.0p (2023: 7.0p) per share	2,807	2,813
Interim ordinary dividend for the year ended 31 July 2025 of 7.0p (2024: 7.0p) per share	2,742	2,813
Special dividend for the year ended 31 July 2025 of 7.0p (2024: 7.0p) per share	2,743	2,814
	8,292	8,440

The Directors are proposing a final dividend of 7.0p and a special dividend of 7.0p for the financial year 2025.

These proposed dividends have been excluded as a liability in these Financial Statements in accordance with IFRS.

We also set out below the total dividend payable in respect of the financial year, which is the basis on which the requirements of Section 1158 of the Corporation Tax Act 2010 are considered.

Included in the dividend distributions to equity holders in the year is £8,292,000 (2024: £7,870,000) paid from special reserve.

	2025 £'000	2024 £'000
Interim ordinary dividend for the year ended 31 July 2025 of 7.0p (2024: 7.0p) per Share	2,742	2,813
Special dividend for the year ended 31 July 2025 of 7.0p (2024: nil) per share	2,743	_
Proposed final ordinary dividend* for the year ended 31 July 2025 of 7.0p (2024: 7.0p) per Share	2,684*	2,814
Proposed special dividend* for the year ended 31 July 2025 of 7.0p		
(2024: 7.0p) per share	2,684*	2,814
	10,853	8,441

^{*} Based on Shares in circulation on 31 July 2025 (excluding Shares held in treasury).

8. Return per Share

	Net Return £'000	2025 Weighted Average Shares	Total (p)	2024 Weighted Net Return Average £'000 Shares		Total Net Return Ave		Total (p)
Basic and fully diluted return:								
Net revenue return after taxation	(609)	39,632,194	(1.54)	570	40,193,018	1.42		
Net capital return after taxation	101,968	39,632,194	257.29	120,590	40,193,018	300.03		
Total	101,359	39,632,194	255.75	121,160	40,193,018	301.45		

Basic revenue, capital and total return per Share is based on the net revenue, capital and total return for the period and on the weighted average number of Shares in issue of 39,632,194 (2024: 40,193,018).

NOTES FORMING PART OF THE FINANCIAL STATEMENTS continued

For the year ended 31 July 2025

9. Investments at fair value through profit or loss

	2025 £'000	2024 £'000
Analysis of investment portfolio movements		
Opening cost at 1 August	151,886	136,155
Opening unrealised appreciation at 1 August	157,116	52,109
Opening fair value at 1 August	309,002	188,264
Movements in the year		
Purchases at cost	51,683	79,749
Sales of investments	(80,223)	(66,024)
Realised profit on sales	18,132	2,006
Increase in unrealised appreciation	76,989	105,007
Closing fair value at 31 July	375,583	309,002
Closing cost at 31 July	141,478	151,886
Closing unrealised appreciation at 31 July	234,105	157,116
Closing fair value at 31 July	375,583	309,002

Fair value hierarchy

Financial assets of the Company are carried in the Statement of Financial Position at fair value. The fair value is the amount at which the asset could be sold or the liability transferred in an orderly transaction between market participants, at the measurement date, other than a forced or liquidation sale. The Company measures fair values using the following hierarchy that reflects the significance of the inputs used in making the measurements.

Categorisation within the hierarchy has been determined on the basis of the lowest level input that is significant to the fair value measurement of the relevant assets as follows:

- Level 1 valued using quoted prices unadjusted in an active market.
- Level 2 valued by reference to valuation techniques using observable inputs for the asset or liability other than quoted prices included in Level 1.
- Level 3 valued by reference to valuation techniques using inputs that are not based on observable market data for the asset or liability.

9. Investments at fair value through profit or loss continued

The tables below set out fair value measurements of financial instruments as at the year end, by their category in the fair value hierarchy into which the fair value measurement is categorised.

Financial assets/liabilities at fair value through profit or loss at 31 July 2025

	Level 1 £'000	Level 2 £'000	Total £'000	
Investments	375,583	-	375,583	
Unrealised Derivative Assets	-	10,912	10,912	
Unrealised Derivative Liability	-	(4,621)	(4,621)	
Total	375,583	6,291	381,874	
Financial assets/liabilities at fair value through profit or loss at 31 July 2024 Level 1 Level 2 £'000 £'000				
Investments	309,002	_	309,002	
Unrealised Derivative Assets	_	4,866	4,866	
Unrealised Derivative Liability		(3,248)	(3,248)	
Total	309,002	1,618	310,620	

There have been no transfers during the year between Level 1 and 2 fair value measurements.

Transaction costs

During the year, the Company incurred transaction costs of £271,000 (2024: £154,000) on the purchase and disposal of investments.

Analysis of capital gains and losses

	2025 £'000	2024 £'000
Gains on sales of investments	18,132	2,006
Investment holding gains	76,989	105,007
Realised gains on derivatives	5,878	17,684
Unrealised gains/(losses) on derivatives	4,503	(1,252)
	105,502	123,445
Realised (losses)/gains on currency balances and trade settlements	(535)	111
Dividend income in respect of equity swaps	346	357
	105,313	123,913

NOTES FORMING PART OF THE FINANCIAL STATEMENTS continued

For the year ended 31 July 2025

10. Trade and other receivables

	2025 £'000	2024 £'000
Dividends receivable	43	52
Due from brokers	-	237
Interest receivable	103	95
Prepayments	43	35
	189	419
11. Cash and cash equivalents		
	2025 £'000	2024 £'000
Cash and cash equivalents in the statement of financial position	17,429	7,187
Bank overdrafts	(109)	
Cash and cash equivalents in the statement of cash flows	17,320	7,187

As at the balance sheet date, the Company held shares valued at £3,225,000 (2024: £11,000) in the Morgan Stanley Sterling Liquidity fund, which has been classified as a Cash equivalent (see Note 1).

12. Trade and other payables

	2025 £'000	2024 £'000
Due to Brokers	1,916	6
Accruals	535	492
	2,451	498

13. Derivatives

The Company may use a variety of derivative contracts with the Company's derivative counterparties to enable it to gain long or short exposures, including Options and Equity Swaps (which are synthetic equities), and are valued at fair value which includes reference to the market values of the investments' underlying securities and other relevant inputs.

The sources of the return under the Equity Swap contracts (e.g. notional dividends, financing costs, interest returns and realised and unrealised gains and losses) are allocated to the revenue and capital accounts in alignment with the nature of the underlying source of income.

- Notional dividend income or expense arising on long or short positions is apportioned wholly to the revenue account.
- Notional interest or financing charges on open long positions are apportioned wholly to the capital account. All remaining interest or financing charges on derivative contracts are allocated to the revenue account.
- Changes in value relating to underlying price movements of securities in relation to Equity Swap exposures are allocated to capital.

13. Derivatives continued

The fair values of derivative financial assets/(liabilities) are set out in the table below:

	2025 £'000	2024 £'000
Unrealised derivative assets	10,912	4,866
Cash collateral receivable from brokers	16,783	16,371
Unrealised derivative liabilities	(4,621)	(3,248)
Cash collateral payable to brokers	(587)	

The corresponding gross exposure on long equity swaps as at 31 July 2025 was £71,983,000 (2024: £65,982,000) and the total gross exposure of short equity swaps was £804,000 (2024: £5,272,000). The net marked to market futures and options total value as at 31 July 2025 was negative £4,184,000 (2024: negative £1,697,000).

As at 31 July 2025, the Company held cash and cash equivalent balances of £17,320,000 (2024: £7,187,000). The Company also pledged cash of £16,783,000 (2024: £16,371,000) on collateral accounts with counterparty brokers specifically for derivatives (including exchange traded derivatives positions and non-exchange traded swap positions). This cash represents collateral posted to broker deposit accounts in relation to amounts due to brokers in order to maintain open positions and constitute a number of types of margin required (such as initial, marked to market variation etc).

The nature of the Company's portfolio means that the Company gains significant exposure to a number of markets through Equity Swaps. The Company may use Equity Swaps to manage gearing. However, to the extent the Manager has elected not to be geared, the Company will generally hold a level of cash (or equivalent holding in the Cash Fund) on its balance sheet representative of the difference between the cost of purchasing investments directly and the lower initial cost of making a margin payment on an Equity Swap contract.

As at 31 July 2025, the Company also owed £587,000 (2024: £nil) to brokers in respect of cash collateral received relating to amounts owed by these brokers to cover unrealised gains on open Equity Swaps on the Statement of Financial Position. To the extent there are unrealised losses on Equity Swap contracts uncovered by balances held at the broker, the Company will transfer deposit monies across to these broker margin deposit accounts. The Manager monitors margin positions on a daily basis to ensure any margin deposit balances are as expected and any amounts owed to the Company are transferred on a timely basis. In the event of default, a proportion of the monies held in the collateral accounts resides with the counterparty broker.

For the year ended 31 July 2025

14. Share capital

	20	25	2024		
Share capital	Number of Shares	Nominal value £'000	Number of Shares	Nominal value £'000	
Shares of 25p each issued and fully paid					
Balance as at 1 August	40,528,238	10,132	40,528,238	10,132	
Shares issued	_	-	_	_	
Balance as at 31 July	40,528,238	10,132	40,528,238	10,132	
Treasury shares					
Balance as at 1 August	335,220		335,220		
Buyback of Ordinary Shares into Treasury	1,844,039				
Balance at end of year	2,179,259		335,220		
Total Ordinary Share capital excluding Treasury shares	38,348,979		40,193,018		

No shares were issued during the year (2024: nil).

The Board's authority to issue shares, approved at the Annual General Meeting held on 6 November 2024, is detailed on page 33.

During the year, 1,844,039 Ordinary Shares (2024: nil) were bought back and held in treasury for total cost of £14,038,000.

15. NAV per Share

	NAV per Share		Net assets	attributable
	2025 (p)	2024 (p)	2025 £'000	2024 £'000
Shares: basic and fully diluted	1077.29	831.24	413,128	334,099

The basic NAV per Share is based on net assets at the year end and 38,348,979 (2024: 40,193,018) Shares in issue, adjusted for any Shares held in Treasury.

16. Risks – investments, financial instruments and other risks

Investment objective and policy

The Company's investment objective and policy are detailed on pages 21 and 22.

The investing activities in pursuit of its investment objective involve certain inherent risks.

The Company's financial instruments can comprise:

- shares and debt securities held in accordance with the Company's investment objective and policy;
- derivative instruments for trading, hedging and investment purposes;
- cash, liquid resources and short-term debtors and creditors that arise from its operations; and
- current asset investments and trading.

16. Risks – Investments, financial instruments and other risks continued

Risks

The risks identified arising from the Company's financial instruments are market risk (which comprises market price risk and interest rate risk), liquidity risk and credit and counterparty risk. The Company may enter into derivative contracts to manage risk. The Board reviews and agrees policies for managing each of these risks, which are summarised below.

These policies remained unchanged since the beginning of the accounting period.

Market risk

Market risk arises mainly from uncertainty about future prices of financial instruments used in the Company's business. It represents the potential loss the Company might suffer through holding market positions by way of price movements, interest rate movements and exchange rate movements. The Company assesses the exposure to market risk when making each investment decision and these risks are monitored by the Manager on a regular basis and the Board at quarterly meetings with the Manager.

Details of the long equity exposures held at 31 July 2025 are shown on page 15.

If the price of these investments and equity swaps had increased by 5% at the reporting date with all other variables remaining constant, the capital return in the Statement of Comprehensive Income and the net assets attributable to equity holders of the Company would increase by £22,338,000 (2024: £18,486,000).

A 5% decrease in share prices would have resulted in an equal and opposite effect of £22,338,000 (2024: £18,486,000), on the basis that all other variables remain constant. This level of change is considered to be reasonable based on observation of current market conditions.

At the year end, the Company's direct equity exposure to market risk was as follows:

	2025 £'000	2024 £'000
Equity long exposures		
Investments held in equity form	375,583	309,002
Long exposure held in equity swap hedges	71,983	65,982
	447,566	374,984
Short exposure held in equity swap hedges	(804)	(5,272)
	446,762	369,712

Interest rate risk

Interest rate risk arises from uncertainty over the interest rates charged by financial institutions. It represents the potential increased costs of financing for the Company. The Manager actively monitors interest rates and the Company's ability to meet its financing requirements throughout the year and reports to the Board. No sensitivity analysis is presented because, as at the financial year end, the Company held zero balances invested in bonds or fixed interest securities. The Company is charged interest on its Equity Swap positions but these may be partially offset with interest received on cash, collateral and cash equivalent balances.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS continued

For the year ended 31 July 2025

16. Risks – Investments, financial instruments and other risks continued

Liauidity risk

Liquidity risk reflects the risk that the Company will have insufficient funds to meet its financial obligations as they fall due. The Directors have minimised liquidity risk by investing in a portfolio of quoted companies that are readily realisable.

The Company's uninvested funds are held almost entirely with the Prime Brokers or on deposits with UK banking institutions.

As at 31 July 2025, the financial liabilities comprised:

	2025 £'000	2024 £'000
Unrealised derivative liabilities	4,621	2,959
Trade payables and accruals	2,451	498
Cash collateral payable to brokers	587	
	7,659	3,457

All derivative liabilities noted above have effective maturities of less than one year. Ultimate cashflows are contingent on market movements and will differ from the carrying amount.

The Company manages liquidity risk through constant monitoring of the Company's gearing position to ensure the Company is able to satisfy any and all debts within the agreed credit terms.

Currency rate risk

Currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. If Sterling had strengthened by 5% against all other currencies at the reporting date, with all other variables remaining constant, the total return in the Statement of Comprehensive Income and the net assets attributable to equity holders of the Company, assuming the Company held no balances in Sterling, would have decreased by £20,656,000 (2024: £16,704,000). If Sterling had weakened by 5% against all currencies, there would have been an equal and opposite effect. This level of change is considered to be reasonable based on observation of current market conditions.

The Company's material foreign currency exposures are laid out below.

As at 31 July 2025

	Sterling £'000	US Dollar £'000	Euro £'000	Danish Kroner £'000	Total £'000
Investments	2,863	372,720	-	-	375,583
Unrealised derivative assets	-	10,903	9	-	10,912
Cash and cash equivalents	5,299	11,305	825	-	17,429
Cash collateral receivable from brokers	5,604	11,036	143	_	16,783
Unrealised derivative liabilities	-	(4,548)	(73)	-	(4,621)
Cash collateral payable to brokers	(587)	-	-	-	(587)
Other net liabilities	(2,262)	-	-	-	(2,262)
Bank overdrafts	-	-	(31)	(78)	(109)
	10,917	401,416	873	(78)	413,128

89

16. Risks – Investments, financial instruments and other risks continued

As at 31 July 2024

	Sterling £'000	US Dollar £'000	Euro £'000	Total £'000
Investments	2,197	306,805	-	309,002
Unrealised derivative assets	_	4,866	-	4,866
Cash and cash equivalents	479	7,585	(877)	7,187
Cash collateral receivable from brokers	8,457	7,111	803	16,371
Unrealised derivative liabilities	_	(2,535)	(713)	(3,248)
Other net liabilities	(79)	-	_	(79)
	11,054	323,832	(787)	334,099

The Company constantly monitors currency rate risk to ensure balances, wherever possible, are translated at rates favourable to the Company.

Credit and counterparty risk

Credit risk is the risk of financial loss to the Company if the contractual party to a financial instrument fails to meet its contractual obligations.

The maximum exposure to credit risk as at 31 July 2025 was £45,204,000 (2024: £28,843,000). The calculation is based on the Company's credit risk exposure as at 31 July 2024 and this may not be representative for the whole year.

The Company's quoted investments are held on its behalf by the Prime Brokers. Bankruptcy or insolvency of the Prime Brokers may cause the Company's rights with respect to securities held by the Prime Brokers to be delayed. The Manager and the Board monitor the Company's risk and exposures. As of 31 July 2025, a broker held \$7,490,000 of their own assets in collateral related to open equity swaps executed by the Company. This collateral is not recognised as an asset in the Company's balance sheet.

The risk is managed as follows:

Where the Manager makes an investment in a bond, corporate or otherwise, the credit worthiness of the issuer is taken into account so as to minimise the risk to the Company of default (past due more than 90 days of any material credit obligation). The credit standing and other associated risks are reviewed by the Manager.

Investment transactions are carried out with a number of brokers where creditworthiness is reviewed by the Manager.

Cash is only held at banks that have been identified by the Board as reputable and of high credit quality. The Manager reviews these on a continual basis with regular updates to the Board.

Capital management policies

The structure of the Company's capital is noted in the Statement of Changes in Equity and managed in accordance with the investment objective and policy set out in the Strategic Report.

The Company's capital management objectives are to maximise the return to Shareholders while maintaining a capital base to allow the Company to operate effectively and meet obligations as they fall due.

The Board, with the assistance of the Manager, monitors and reviews the capital on an ongoing basis.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS continued

For the year ended 31 July 2025

16. Risks – Investments, financial instruments and other risks continued

The Company is subject to externally imposed capital requirements:

- as a public company, the Company is required to have a minimum Share capital of £50,000;
 and
- in accordance with the provisions of Sections 832 and 833 of the Companies Act 2006, the Company, as an investment company:
 - is only able to make a dividend distribution to the extent that the assets of the Company
 are equal to at least one and a half times its liabilities after the dividend payment has been
 made; and
 - is required to make a dividend distribution each year such that it does not retain more than 15% of the income that it derives from shares and securities.

These requirements are unchanged since last year and the Company has complied with them at all times.

A sensitivity analysis has not been prepared for interest risk, as the Company is not materially exposed to interest rates.

17. Related party transactions

MLCM, a company controlled by Mr Mark Sheppard, is the Manager and AIFM of the Company. Mr Sheppard is also a director of MMIC, which is the controlling Shareholder of the Company.

The Manager receives a monthly management fee for these services which in the year under review amounted to a total of £2,447,000 (2024: £1,458,000) excluding VAT. The balance owing to the Manager as at 31 July 2025 was £251,000 (2024: £218,000).

Details relating to the Directors' emoluments are found in the Directors' Remuneration Report on page 50.

18. Ultimate control

The ultimate controlling Shareholder throughout the year and the previous year was MMIC, a company incorporated in the UK and registered in England and Wales. This company was controlled throughout the year and the previous year by Mr Mark Sheppard and his immediate family.

19. Post Statement of Financial Position events

There are no post balance sheet events to report.

GLOSSARY

Alternative Performance Measure ('APM')

An APM is a numerical measure of the Company's current, historical or future financial performance, financial position or cash flows, other than a financial measure defined or specified in the applicable financial framework. In selecting these Alternative Performance Measures, the Directors considered the key objectives and expectations of typical investors in an investment trust such as the Company.

Company

References to the Company refer to Manchester and London Investment Trust Public Limited Company.

Delta

Delta measures the degree to which an option is exposed to shifts in the price of the underlying asset (i.e. stock) or commodity (i.e. futures contract). Values range from 1.0 to -1.0 (or 100 to -100, depending on the convention employed). See website link for further details: https://mlcapman.com/fag/

Delta Adjusted Exposure

Delta times the underlying security's notional exposure for options. For all other instruments, the notional exposure of the security. At the sector and portfolio levels, this is the sum of the individual security delta adjusted exposures. See website link for further details: https://mlcapman.com/faq/

Discount/premium

If the Share price is lower than the NAV per Share it is said to be trading at a discount. The size of the discount is calculated by subtracting the Share price from the NAV per Share and is usually expressed as a percentage of the NAV per Share. If the Share price is higher than the NAV per Share, this situation is called a premium.

Gearing

Gearing refers to the level of the Company's debt to its equity capital. The Company may borrow money to invest in additional investments for its portfolio. If the Company's assets grow, the Shareholders' assets grow proportionately more because the debt remains the same. But if the value of the Company's assets falls, the situation is reversed. Gearing can therefore enhance performance in rising markets but can adversely impact performance in falling markets.

Gearing represents borrowings at par less cash and cash equivalents (including any outstanding trade or foreign exchange settlements) expressed as a percentage of Shareholders' funds.

Potential gearing is the Company's borrowings expressed as a percentage of Shareholders' funds.

Leverage

Under the AIFMD it is necessary for AIFs to disclose their leverage in accordance with the prescribed calculations of the Directive. Leverage is often used as another term for gearing which is included within the Strategic Report. Under the AIFMD there are two types of leverage that the AIF is required to set limits for, monitor and periodically disclose to investors. The two types of leverage calculations defined are the gross and commitment methods. These methods summarily express leverage as a ratio of the exposure of debt, non-sterling currency, equity or currency hedging and derivatives exposure against the net asset value. The difference between the two methods is that the commitment method nets off derivative instruments and the gross method aggregates them.

Net asset value ("NAV")

The NAV is Shareholders' funds expressed as an amount per individual Share. Shareholders' funds are the total value of all the Company's assets, at a current market value, having deducted all liabilities and prior charges at their par value (or at their asset value). The total NAV per Share is calculated by dividing the NAV by the number of Shares in issue excluding Treasury Shares.

Prime Broker

Prime brokerage is the bundling of services by investment banks enabling the Company to borrow securities and cash in order to be able to invest on a netted basis and achieve an absolute return. The Prime Broker provides custody and a centralised securities clearing facility for the Company so the Company's collateral requirements are netted across all deals handled by the Prime Broker.

Ongoing charges ratio

As recommended by the AIC, ongoing charges are the Company's annualised expenses including (excluding finance costs and certain non-recurring items) expressed as a percentage of the average monthly net assets of £2,929,000. The ongoing charges ratio is 0.86%.

Total assets

Total assets include investments, cash, current assets and all other assets. An asset is an economic resource, being anything tangible or intangible that can be owned or controlled to produce value and to produce positive economic value. Assets represent the value of ownership that can be converted into cash. The total assets less all liabilities will be equivalent to total Shareholders' funds.

Rounding throughout this annual report is done on a line by line basis not a total basis.

NAV per Share total return

Total return statistics enable the investor to make performance comparisons between investment trusts with different dividend policies. The total return measures the combined effect of any dividends paid, together with the rise or fall in the Share price or NAV. This is calculated by the movement in the NAV or Share price plus dividend income reinvested by the Company at the prevailing NAV or Share price.

NAV per Share total return	Page	31 July 2025	31 July 2024	
Closing NAV per Share (p)	3	1077.29	831.24	
Total dividends paid in the year ended 31 July 2025 (2024) (p)		21.00	21.00	
Adjusted closing NAV (p)		1098.29	852.24	а
Opening NAV per Share (p)	3	831.24	550.79	b
NAV per Share total return unadjusted (c=((a-b)/b)) (%)		32.13	54.73	С
NAV per Share total return adjusted (%)*	3/4	33.60	55.44	

^{*} Based on NAV price movements and dividends reinvested at the relevant cum dividend NAV value during the period. Where the dividend is invested and the NAV value falls this will further reduce the return or, if it rises, any increase will be greater. The source is Bloomberg who have calculated the return on an industry comparative basis.

Important information:

This document is important and requires your immediate attention. If you are in any doubt as to any aspect of the proposals referred to in this document or as to the action you should take, you should consult your stockbroker, bank manager, solicitor, accountant or other independent professional adviser authorised under the Financial Services and Markets Act 2000 (as amended) if you are resident in the United Kingdom or, if not, from another appropriately authorised independent professional adviser, without delay.

If you have sold or transferred all of your Ordinary Shares in the capital of the Company and, as a result, no longer hold any Ordinary Shares in the Company, please send this document as soon as possible to the purchaser or transferee, or to the person through whom the sale or transfer was effected for transmission to the purchaser or transferee. If you have sold only part of your holding of Ordinary Shares in the Company, you should retain the documents and consult the person through whom the sale was effected.

Pursuant to Article 52.2 of the Company's Articles of Association (the "Articles"), the Board has determined that the Annual General Meeting will be held wholly by means of an Electronic Facility (as defined in the Articles) namely by a live webcast. Full details are set out in the Letter from the Chairman. Shareholders will be able to attend the meeting virtually. Explanations and definitions of abbreviations can be found in the Glossary of the latest Annual Report and the Articles.

The Board encourages Shareholders to vote electronically or to appoint the Chairman of the meeting as their proxy with their voting instructions. You may appoint a proxy electronically via the Investor Centre app or web browser at https://uk.investorcentre.mpms.mufg.com/. If shares are not held directly, Shareholders are encouraged to arrange for their nominee to vote on their behalf and appoint a proxy via the CREST system. To be valid, any form of proxy or other instrument appointing a proxy must be received by post or (during normal business hours only) by hand at the Company's Registrar, at the address shown on the form of proxy, or in the case of shares held through CREST, via the CREST system, or if submitting the proxy vote electronically, via the Registrar's website, by no later than 12.00 noon on Monday, 3 November 2025.

MANCHESTER AND LONDON INVESTMENT TRUST PLC

(the "Company")

(registered in England and Wales under number 01009550 with 12a Princes Gate Mews, London, England, SW7 2PS as registered address)

Notice of the **fifty third** Annual General Meeting of the Company to be held virtually at **12.00 noon GMT on Wednesday, 5 November 2025**

NOTICE OF ANNUAL GENERAL MEETING continued

Letter from the Chairman

Dear Shareholder.

Notice of the Annual General Meeting

I am pleased to advise that the fifty-third Annual General Meeting ("AGM") of the Company will be held by means of an Electronic Facility on Wednesday, 5 November 2025 at 12.00 noon.

Meeting and Voting Arrangements

The Company understands and respects the importance of the AGM to shareholders and the Company will offer shareholders the option to ask questions in advance of the meeting. The 2025 AGM will be a fully virtual meeting by means of an electronic facility and Shareholders are invited to participate in the AGM electronically via Microsoft Teams. Further details are set out on page 99. Please contact the Manager who will provide further information. Shareholders are asked to exercise their votes by submitting their proxy electronically in advance of the meeting and to appoint the Chairman of the meeting as their proxy with their voting instructions. Further details of how you can vote are set out on pages 99 and 100.

Business of the Meeting

The formal Notice of the AGM, which follows this letter, sets out the business to be considered at the meeting. Shareholders are being asked to vote on various items of business, being: the receipt and acceptance of the Annual Report and the Financial Statements for the year ended 31 July 2025; the approval of the Directors' Remuneration Report, the approval of the Remuneration Policy; the approval of the final ordinary dividend; the re-election of Directors; the re-appointment of Deloitte LLP as Auditor; the authorisation of the Directors to determine the remuneration of the Auditor; the authorisation of the Directors to offer scrip dividends; the authorisation of the Directors to allot Ordinary Shares and disapply statutory pre-emption rights for certain issues of Ordinary Shares; the authorisation of the Company to make market purchases of Ordinary Shares; the authorisation for the sale of Treasury Shares at a discount to Net Asset Value ("NAV"); and the holding of general meetings (other than annual general meetings) on not less than 14 clear days' notice.

Resolutions 1 to 12 will be proposed as ordinary resolutions and resolutions 13 to 16 will be proposed as special resolutions.

RESOLUTION 1 – Annual Report and Financial Statements for the year ended 31 July 2025

The Directors are required to present to the meeting the Company's Strategic Report, Directors' Report, Auditor's Report and the audited financial statements for the financial year ended 31 July 2025 (the "Annual Report and Financial Statements"). These are contained in the Annual Report of the Company for such period.

RESOLUTION 2 – Directors' Remuneration Report

The Directors' Remuneration Report for the year ended 31 July 2025 is set out on pages 50 to 53 of the Annual Report and Financial Statements. In accordance with Companies Act 2006 (the "Act"), this vote to approve the Remuneration Report is advisory only and the Directors' entitlement to receive remuneration is not conditional on it. The resolution and vote are a means of providing Shareholder feedback to the Board.

NOTICE OF ANNUAL GENERAL MEETING continued

RESOLUTION 3 – Directors' Remuneration Policy

The Directors' Remuneration Policy is set out on page 54 of the Annual Report and Accounts. The Policy is unchanged since it was presented at the AGM of the Company held on 6 November 2024. This resolution is binding in nature and, if approved, will take effect from the conclusion of the AGM. Renewal of the policy is required to be sought at intervals of at least three years, or earlier if there are any changes to the Policy, and the Policy will next be submitted to Shareholders for approval no later than the 2028 AGM. Notwithstanding this, the Board wishes to put the Policy to Shareholders for approval annually.

RESOLUTION 4 – Final and Special Dividend

The final ordinary dividend for the year ended 31 July 2025, as recommended by the Directors, is 7.00 pence per Share and the special dividend, as recommended by the Directors, is also 7.00 pence per Share. If approved by Shareholders at the forthcoming AGM, these final and special dividends will be paid on 7 November 2025 to Shareholders on the register at the close of business on 3 October 2025. The ex-dividend date will be 2 October 2025.

RESOLUTIONS 5 to 8 – Election and Re-election of Directors

In line with the UK Corporate Governance Code (the "UK Code"), the Board has agreed a policy whereby all Directors will seek annual re-election at the Company's AGMs. In line with this policy, Daniel Wright, Brett Miller, Daren Morris and James Waterlow will stand for re-election.

Mr Wright has no previous relationship with the Company other than his position as an independent non-executive Director, nor with the controlling Shareholder of the Company or any associate of the controlling Shareholder of the Company within the meaning of Listing Rule 10.6.16 R. In addition to being satisfied that Mr Wright is independent of the controlling Shareholder, the other Directors have also determined that he satisfies all the other independence criteria in the UK Code.

Mr Miller is head of compliance, governance and risk oversight, holds the SMF16 and SMF17 roles under the Senior Managers and Certification Regime and sits on the risk management committee of M&L Capital Management Limited, the Company's Manager. He is therefore not deemed to be independent of the Manager.

Neither Mr Morris, nor Sir James have previous relationships with the Company other than their position as independent non-executive Directors, and Mr Morris as Audit Committee Chair. Sir James and Mr Morris have no connections with the controlling Shareholder of the Company or any associate of the controlling Shareholder of the Company within the meaning of Listing Rule 10.6.16 R.

M&M Investment Company Limited, which is controlled by Mark Sheppard who forms part of the investment management team at M&L Capital Management Limited, is the controlling Shareholder of the Company (further details can be found on page 34 of the Annual Report). The Listing Rules require independent non-executive directors of Main Market listed companies that have a controlling shareholder to be re-elected by a majority of the votes cast by the independent Shareholders of the Company, as well as by a majority of the votes cast by all the Shareholders. In the case of the Company, 'independent Shareholders' mean all the Shareholders of the Company other than M&M Investment Company Limited.

Accordingly, the votes cast by the independent Shareholders and by all the Shareholders for the resolutions for the re-election of Mr Wright, Mr Morris and Sir James (Resolutions 5, 6, 7 and 8) will be calculated separately. Such a resolution will be passed only if a majority of the votes cast by the independent Shareholders are in favour, in addition to a majority of the votes cast by all the Shareholders being in favour. If the resolution to approve the re-election of Mr Wright, Mr Morris or Sir James is passed, but separate approval by the independent Shareholders is not given, the Listing Rules permit the Director to remain in office pending a further resolution to be approved by all Shareholders, at a meeting which must be held more than 90 days, but within 120 days, of the first votes.

The Chairman and the Board confirm that, following formal performance reviews, the performance of each of the Directors continues to be effective and demonstrates commitment to the role and having considered the Directors' other time commitments and board positions, are satisfied that each Director has the capacity to be fully engaged with the Company's business. The Chairman and the Board therefore believe that it is in the interests of Shareholders that each of the Directors standing for re-election are elected. Directors' biographical details can be found in the Annual Report on page 32.

RESOLUTIONS 9 and 10 – Re-appointment of Auditor and to authorise the Directors to determine the Remuneration of the Company's Auditor

Auditors must be appointed at each general meeting at which the Annual Report and Financial Statements are presented to Shareholders. An assessment of the independence and objectivity of Deloitte LLP has been undertaken by the Audit Committee; it has recommended to the Board that a resolution for the re-appointment of Deloitte LLP as the Company's Auditor be put to Shareholders at the forthcoming AGM. Further details about the performance of the Auditor can be found on page 49 of the Annual Report. Resolution 10, if passed, would authorise the Directors to determine the level of Auditor's remuneration.

RESOLUTION 11 – Authority to offer Scrip Dividends

The Directors are proposing to obtain the authority to offer an optional scrip dividend to Shareholders in future periods. Scrip dividends are subject to Shareholder approval and Resolution 11 is being proposed at the AGM to obtain that approval. The authority contained in Resolution 11 is to expire at the conclusion of the annual general meeting of the Company to be held in 2026.

Unless circumstances change, the Directors would expect to renew this authority annually at the annual general meetings of the Company. Details of how any scrip dividend scheme would operate will be released to Shareholders if such an option is actually offered in the future.

RESOLUTION 12 – Authority to allot Shares

Resolution 12, an ordinary resolution, as set out in the notice of meeting, if passed, will renew the Directors' authority to issue up to an aggregate nominal value of £2,376,537, representing 9,506,147 Ordinary Shares (being approximately one-quarter of the issued share capital (excluding Treasury Shares) as at 17 September 2025), in accordance with statutory pre-emption rights. The authority, if given, will lapse at the conclusion of the next annual general meeting of the Company after the passing of this resolution (which must be held no later than 31 January 2027). The authority will be used where Directors consider it to be in the best interests of Shareholders. The Directors will only issue new Ordinary Shares at a price at or above the prevailing net asset value per Ordinary Share.

As at 17 September 2025, 2,503,651 Shares were held in Treasury.

RESOLUTION 13 – Waiver of Pre-emption Rights

Resolution 13, a special resolution, if passed, will renew the Directors' authority to disapply the statutory pre-emption rights of existing Shareholders in relation to the issue of Ordinary Shares for cash or the sale of Ordinary Shares out of Treasury up to an aggregate nominal amount of £950,615 (being approximately 10% of the issued share capital (excluding Treasury Shares) as at 17 September 2025). This authority, if given, will expire at the next annual general meeting, when a resolution for its renewal will be proposed. The authority will be used where Directors consider it to be in the best interests of Shareholders. Any Ordinary Shares issued on a non-pre-emptive basis under this authority will be issued at a price at or above the prevailing NAV per Ordinary Share. The passing of Resolution 13 is subject to the passing of Resolution 12.

NOTICE OF ANNUAL GENERAL MEETING continued

RESOLUTION 14 – Authority to allot or sell Treasury Shares at a discount to NAV

Subject to the passing of Resolution 13, Resolution 14 will renew the Company's authority to sell Shares from Treasury at a discount to NAV. Treasury Shares may only be sold at a discount to NAV per Share if that discount does not exceed the weighted average discount to NAV per Share at which the Shares were purchased and provided that any Shares sold from Treasury for cash are sold at higher prices (including expenses) than the weighted average price at which those Shares were bought into Treasury.

RESOLUTION 15 – Authority to make market purchases of the Company's own Shares

At the annual general meeting held on 6 November 2024, the Company was granted authority to purchase up to 14.99% of the Company's Ordinary Shares in issue (excluding Treasury Shares) amounting to 6,015,040 Ordinary Shares. Since September 2021, the highest price the Company has paid for shares held in Treasury was 928 pence. The average cost per share of the shares held in Treasury was 744 pence. As at 31 July 2025, the share price was 930 pence. As at 17 September 2025, 324,392 Shares have been bought back under this authority.

Resolution 15, which will be proposed as a special resolution, seeks to renew the authority granted at last year's annual general meeting and gives the Company authority to buy back its own Shares in the market. The authority limits the number of Ordinary Shares that could be purchased to a maximum of 5,699,885 (representing 14.99% of the issued Ordinary Share capital of the Company (excluding Treasury Shares) as at the close of business on 17 September). The authority sets out the minimum and maximum prices. This authority will expire at the conclusion of the next annual general meeting of the Company.

Whilst the Directors have no present intention of using this authority, the Directors would use this authority in order to address any imbalance between the supply and demand for the Ordinary Shares and to manage the discount to NAV at which the Ordinary Shares trade. When proposing this resolution the Directors have considered the following: the Company does not capitalize any operational (non-Equity Swap Finance) costs, the Manager's fee structure is viewed as competitive when compared to similarly invested, actively managed, investment trust companies, and the Directors believe that the discount is a function of the size of the Company, the liquidity of its shares, and the Ten Year US Treasury yield.

Any purchases of Shares would be by means of market purchases through the London Stock Exchange or other available exchanges. Any Shares purchased pursuant to this authority may either be held as Treasury Shares or cancelled by the Company, as determined by the Directors at the time of purchase. The authority will only be used after careful consideration, taking into account market conditions prevailing at the time, other investment opportunities, appropriate gearing levels and the overall financial position of the Company.

The Shares held in Treasury had an average book cost of 727 pence, the share price of the Company at the year end was 930 pence, and hence at the year end the unrealised profit on the stock held in Treasury is $\pounds 4,425,000$.

RESOLUTION 16 – Notice of General Meetings

Under the Act, the notice period required for all general meetings of a company is 21 days. Annual general meetings will always be held on at least 21 clear days' notice but Shareholders can approve a shorter notice period for other general meetings, provided this is not less than 14 clear days. Such a notice period provides flexibility and, if approved, will remain effective until the next annual general meeting of the Company, when it is intended that a similar resolution will be proposed. The Directors will only call general meetings on 14 clear days' notice where they consider it in the best interests of Shareholders to do so and the relevant matter requires to be dealt with expediently.

99

Action to be taken now

Shareholders are permitted to attend the AGM virtually. The Board recognises that the AGM represents an important forum for Shareholders to ask questions and virtual annual general meetings allow a methodology for more shareholders to attend the meeting (up to 1,000) for a lower cost (including travel costs and carbon footprint) and hence the Board believes virtual meetings are more inclusive than physical meetings. The Teams platform is a product of Microsoft Corp., which is the Company's largest investment holding, so this will be a great opportunity for Shareholders to get first-hand experience of a Microsoft product.

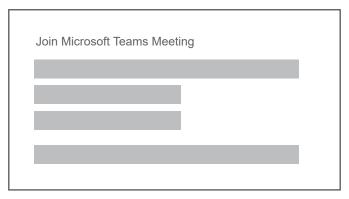

You are encouraged to appoint a proxy electronically via the Investor Centre app or web browser at https://uk.investorcentre.mpms.mufg.com/. Alternatively, if you hold your shares in CREST, you may appoint a proxy via the CREST system. Notice of your appointment of a proxy should reach the Company's Registrar, MUFG Corporate Markets by 12.00 noon on Monday, 3 November 2025. If you hold your shares through a nominee service, please contact the nominee service provider regarding the process for appointing a proxy and encourage them to vote electronically without delay.

If you would like to attend the AGM virtually, please email (with Subject Line: Request to Join vAGM) your details to ir@mlcapman.com with proof that you are a Shareholder or you have a Letter of Authority from the nominee company that you hold shares with. You will receive a personal email with the Teams Invite for the meeting.

On the day

You can join via Teams in the 15 minutes before the AGM from any device, whether or not you have a Teams account. If you don't have an account, follow these steps to join as a guest.

1. Go to the meeting invite and select Join Microsoft Teams Meeting.

- 2. That will open a web page, where you will see two choices: Download the Windows app and Join on the web instead. If you join on the web, you can use either Microsoft Edge or Google Chrome. Your browser may ask if it is okay for Teams to use your mic and camera. Be sure to allow it so you will be seen and heard at the AGM.
- 3. Enter your name and choose your audio and video settings. If the meeting room (or another device that is connected to the meeting) is nearby, choose Audio off to avoid disrupting. Select Phone audio if you want to listen to the meeting on your mobile phone.
- 4. When you are ready, hit Join now.
- 5. This will bring you into the meeting lobby. Teams then notifies the Manager that you are there, and then you can be admitted.

If you have a family member who is already a subscriber to Teams why not have a practice run with your own family meeting with them?

NOTICE OF ANNUAL GENERAL MEETING continued

How will the virtual AGM work?

When the AGM opens at the appointed time, you will be able to see and hear the Chairman. The Chairman will open the AGM and address all questions that have been submitted in advance. There will be a short opportunity to ask any further questions. Then the Chairman will ask if anyone wishes to vote using the Poll Card (please do not elect to do so if you have already voted by Proxy and do not wish to change your vote). If anyone does wish to vote by Poll Card, the process of how and when to vote using a Poll Card will be explained and Poll Card votes will be accepted throughout the AGM and the following 30 minutes after the AGM.

The Chairman will then formally put each resolution to the AGM and advise of the proxy votes already received in advance.

The Manager will then say a few words about the Portfolio and the Financial markets. A further opportunity will then be provided to ask the Manager questions.

The AGM will then formally close.

The results of the AGM will be announced by an RNS and posted to the Company's website: https://mlcapman.com/manchester-london-investment-trust-plc/

How to vote, speak and ask a question at the virtual AGM

There will be an opportunity to download, complete, sign and submit poll cards at the Virtual meeting but the Board encourages Shareholders to vote electronically and to appoint the Chairman of the meeting as their proxy with their voting instructions. You will find instructions in the notes to the notice to enable you to vote electronically via www.signalshares.com and how to register to do so. All valid proxy votes will be included in the voting. The ability to vote by Poll Card will close 30 minutes after the close of the AGM.

Shareholders are also invited to ask questions at the AGM. The Board invites Shareholders to submit any questions they may have for the virtual AGM by email (with Subject Line: Question for vAGM) to ir@mlcapman.com. The Manager will endeavor to answer your question or get an answer to your question and provide that to you personally before the AGM but the Chairman will also post your question at the AGM, identify you as the person who formed the question and any reply provided to you. If you do have a specific question whilst the AGM is in progress then use the "Raise Hand" function in the "Reactions" menu on the Teams Meeting platform or by typing the question through the Chat function on the Teams platform. You will be kept on mute by the AGM host until you are invited to speak/ask your question(s).

Recommendation

The Board considers all the resolutions to be proposed at the AGM to be in the best interests of Shareholders and the Company as a whole. Accordingly, the Directors unanimously recommend that all Shareholders vote in favour of the resolutions, as they intend to do in respect of their own shareholdings.

Keeping in touch

If you have not already done so we suggest you provide your email to the Registrars investor relations site by logging on to www.signalshares.com AND providing your email to the Manager at ir@mlcapman.com if you wish to receive the Fund Factsheet monthly.

Yours faithfully,

Daniel Wright Chairman

24 September 2025

101

NOTICE OF THE ANNUAL GENERAL MEETING 2025

Notice is hereby given that the Annual General Meeting (the "AGM") of Manchester and London Investment Trust plc (the "Company") will be held virtually on Wednesday, 5 November 2025 at 12.00 noon.

Resolutions 1 to 12 (inclusive) will be proposed as ordinary resolutions, which means that for each of these to be passed, more than 50% of the votes cast must be in favour of the resolution. Resolutions 13 to 16 will be proposed as special resolutions, meaning that for each of these to be passed, at least 75% of the votes cast must be in favour.

Each of the resolutions to be considered at the AGM will be voted on by way of a poll. This ensures that, if shareholders are unable to attend the AGM but have appointed proxies, their votes are taken into account. The results of the polls will be announced to the London Stock Exchange and published on the Company's website as soon as possible after the conclusion of the AGM.

Business of the Meeting

Ordinary Resolutions

- 1. To receive and accept the Company's Annual Report and Financial Statements for the year ended 31 July 2025.
- 2. To receive and approve the Directors' Remuneration Report for the year ended 31 July 2025.
- 3. To approve the Directors' Remuneration Policy.
- 4. To declare a final ordinary dividend of 7.00 pence per Ordinary Share and a special dividend of 7.00 pence per Ordinary Share for the year ended 31 July 2025.
- 5. To re-elect Daniel Wright as a Director.
- 6. To re-elect Brett Miller as a Director.
- 7. To re-elect Daren Morris as a Director.
- 8. To re-elect James Waterlow as a Director.
- 9. To re-appoint Deloitte LLP as Auditor of the Company to hold office from the conclusion of this meeting until the conclusion of the next annual general meeting of the Company at which the Annual Report and Financial Statements are laid.
- 10. To authorise the Directors to determine the Auditor's remuneration.
- 11. THAT, the Directors of the Company be and are hereby authorised to offer holders of the Ordinary Shares of 25 pence each in the capital of the Company ("Ordinary Shares") the right to elect to receive newly issued Ordinary Shares, which are credited as fully paid up, instead of cash in respect of the whole (or part at the Directors' discretion) of any dividend declared from time to time in respect of which the Directors determine that such election should apply, such authority to expire at the conclusion of the annual general meeting of the Company to be held in 2026.

NOTICE OF ANNUAL GENERAL MEETING continued

12. THAT, the Directors of the Company be and are hereby generally and unconditionally authorised, in addition to any existing authorities, pursuant to and in accordance with Section 551 of the Companies Act 2006 (the "Act") to exercise all the powers of the Company to allot Ordinary Shares of 25 pence each in the capital of the Company ("Ordinary Shares"), up to an aggregate nominal amount of £2,376,537, representing 9,506,147 Ordinary Shares (being approximately one-quarter of the issued share capital (excluding Treasury Shares) as at 17 September 2025), such authority to expire at the next annual general meeting of the Company after the passing of this resolution (unless previously revoked or varied by the Company in a general meeting), save that the Company may, at any time prior to the expiry of such authority, make an offer or enter into an agreement which would or might require Ordinary Shares to be allotted and the Directors may allot Ordinary Shares in pursuance of such an offer or agreement as if the authority conferred hereby had not expired.

Special Resolutions

- 13. THAT, subject to the passing of Resolution 12 above, in addition to any existing authorities, the Directors be and are hereby empowered, pursuant to Sections 570 to 573 of the Act to allot Ordinary Shares for cash and to sell Ordinary Shares from Treasury for cash pursuant to the authority referred to in Resolution 12 above as if Section 561 of the Act did not apply to any such allotment or sale provided that this authority: (i) shall be limited to the allotment of Ordinary Shares and the sale of Ordinary Shares from Treasury for cash up to an aggregate nominal amount of £950,615 (representing approximately 10% of the issued Share capital (excluding Treasury Shares) of the Company as at 17 September 2025); and (ii) shall expire at the conclusion of the next annual general meeting of the Company after the passing of this resolution (unless previously revoked or varied by the Company in general meeting), save that the Company may, at any time prior to the expiry of such power, make an offer or enter into an agreement which would or might require Ordinary Shares to be allotted or sold from Treasury after the expiry of such power, and the Directors may allot Ordinary Shares or sell Ordinary Shares from Treasury in pursuance of such an offer or agreement as if such power had not expired.
- 14. THAT, subject to the passing of Resolution 13, to generally and unconditionally authorise and empower the Directors in compliance with the Listing Rules to sell, transfer and allot Shares held by the Company in Treasury (whether or not those Shares are held in Treasury at the date this Resolution is passed or repurchased pursuant to the authority sought under Resolution 15 below) for cash and that such Shares may be allotted or sold or transferred for a price which represents a discount to the most recently published NAV per Share as at the date of such allotment or sale provided that such discount does not exceed the weighted average discount to NAV per Share at which the Shares were purchased and provided that any Shares sold from Treasury for cash are sold at higher prices (including expenses) than the weighted average price at which those Shares were bought into Treasury. The authority hereby granted shall require renewal from Shareholders and expire at the conclusion of the next annual general meeting of the Company after the passing of this Resolution, save that the Company may before such expiry enter into offers or agreements which would or might require Shares held in Treasury to be sold or allotted after such expiry and the Company may sell or allot Shares pursuant to any such offer or agreement as if the authority hereby granted had not expired.

103

- 15. THAT, in substitution of all existing authorities, to unconditionally and generally authorise the Company, pursuant to section 701 of the Act, to make one or more market purchases (within the meaning of section 693 of the Act) of any of its own Ordinary Shares of 25 pence provided that:
 - a. the maximum number of Ordinary Shares hereby authorised to be so purchased shall be 5,699,885 (or, if less, 14.99% of the number of Ordinary Shares in issue (excluding Treasury Shares) immediately following the passing of this Resolution);
 - b. the minimum price, exclusive of expenses, which may be paid for such Shares shall be 25 pence each;
 - c. the maximum price, exclusive of expenses, which may be paid for a Share contracted to be purchased on any day shall be an amount not more than the highest of (i) 105% of the average of the Last Price per Bloomberg (or the closing price of the London Stock Exchange Daily Official List) of the Company's Ordinary Shares for the five business days immediately preceding the day on which such Share is contracted to be purchased and (ii) the higher of the price of the last independent trade, and the highest current independent bid price for a share of the Company on the trading venues where the market purchases by the Company pursuant to the authority conferred by this Resolution 14 will be carried out;
 - d. the authority hereby conferred shall expire at the conclusion of the next annual general meeting of the Company, unless previously renewed, varied or revoked by the Company in a general meeting; and
 - e. the Company may make a contract or contracts to purchase its own shares under the authority hereby conferred prior to the expiry of such authority which will or might be executed wholly or partly after the expiration of such authority and may make a purchase of its own Shares in pursuance of any such contract(s).
- 16. THAT, a general meeting, other than an annual general meeting, may be called on not less than 14 clear days' notice.

By order of the Board

Daniel Wright Chairman 24 September 2025 Registered Office: 12a Princes Gate Mews London SW7 2PS

NOTICE OF ANNUAL GENERAL MEETING continued

NOTES TO THE NOTICE OF THE ANNUAL GENERAL MEETING

- To be entitled to vote at the Meeting (and for the purpose of the determination by the Company
 of the number of votes they may cast), Shareholders must be registered in the Register of Members
 of the Company at close of trading on Monday, 3 November 2025. Changes to the Register of
 Members after the relevant deadline shall be disregarded in determining the rights of any person
 to attend and vote at the Meeting.
- 2. Shareholders are entitled to appoint another person as a proxy to exercise all or part of their rights to attend and to speak and vote on their behalf at the Meeting. A Shareholder may appoint more than one proxy in relation to the Meeting provided that each proxy is appointed to exercise the rights attached to a different Ordinary Share or Ordinary Shares held by that Shareholder. A proxy need not be a Shareholder of the Company however the Board recommends that you only appoint the Chairman of the meeting as your proxy.
- 3. In the case of joint holders, where more than one of the joint holders purports to appoint a proxy, only the appointment submitted by the most senior holder will be accepted. Seniority is determined by the order in which the names of the joint holders appear in the Company's Register of Members in respect of the joint holding (the first named being the most senior).
- 4. A vote withheld is not a vote in law, which means that the vote will not be counted in the calculation of votes for or against the resolution. If no voting indication is given, your proxy will vote or abstain from voting at his or her discretion. Your proxy will vote (or abstain from voting) as he or she thinks fit in relation to any other matter which is put before the Meeting.

5. You can vote either:

- a. Electronically via the Investor Centre app or web browser at https://uk.investorcentre.mpms.mufg.com/ and following the instructions.
- b. You may request a hard copy form of proxy directly from the registrars, MUFG Corporate Markets via email to shareholderenquiries@cm.mpms.mufg.com or by calling 0371 664 0300. Calls are charged at the standard geographic rate and will vary by provider. Calls outside the United Kingdom will be charged at the applicable international rate. Lines are open between 09:00 17:30, Monday to Friday excluding public holidays in England and Wales.
- c. In the case of CREST members, by utilising the CREST electronic proxy appointment service in accordance with the procedures set out below.

In order for a proxy appointment to be valid a form of proxy must be completed. In each case the form of proxy must be received by MUFG Corporate Markets at PXS 1, Central Square, 29 Wellington Street, Leeds LS1 4DL by 12.00 noon on Monday, 3 November 2025.

- 6. If you return more than one proxy appointment, either by paper or electronic communication, the appointment received last by the Registrar before the latest time for the receipt of proxies will take precedence. You are advised to read the terms and conditions of use carefully. Electronic communication facilities are open to all Shareholders.
- 7. The return of a completed form of proxy, electronic filing or any CREST Proxy Instruction (as described in note 11 below) will in itself not prevent a Shareholder from attending the virtual Meeting and voting in person if he/she wishes to do so.

105

8. Shareholders can vote electronically via the Investor Centre, a free app for smartphone and tablet provided by MUFG Corporate Markets (the company's registrar). It allows you to securely manage and monitor your shareholdings in real time, take part in online voting, keep your details up to date, access a range of information including payment history and much more. The app is available to download on both the Apple App Store and Google Play, or by scanning the relevant QR code below. Alternatively, you may access the Investor Centre via a web browser at: https://uk.investorcentre.mpms.mufg.com/

- 9. CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so for the Meeting (and any adjournment of the Meeting) by using the procedures described in the CREST Manual (available from www.euroclear.com. CREST Personal Members or other CREST sponsored members, and those CREST members who have appointed a service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.
- 10. In order for a proxy appointment or instruction made by means of CREST to be valid, the appropriate CREST message (a 'CREST Proxy Instruction') must be properly authenticated in accordance with Euroclear UK & International Limited's specifications and must contain the information required for such instructions, as described in the CREST Manual. The message must be transmitted so as to be received by the issuer's agent (ID RA10) by 12.00 noon on Monday, 3 November 2025. For this purpose, the time of receipt will be taken to mean the time (as determined by the timestamp applied to the message by the CREST application host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time, any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.
- 11. CREST members and, where applicable, their CREST sponsors or voting service providers should note that Euroclear UK & International Limited does not make available special procedures in CREST for any particular message. Normal system timings and limitations will, therefore, apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member, or sponsored member, or has appointed a voting service provider(s), to procure that his CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting system providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings. The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.
- 12. Any corporation which is a Shareholder can appoint one or more corporate representatives who may exercise on its behalf all of its powers as a Shareholder provided that no more than one corporate representative exercises powers in relation to the same shares. So if your shares are held in Nominee you will need the Nominee to appoint you as a corporate representative and they will need to provide us a letter setting out the details of your appointment AND of your shareholding. If we do not have such a letter, or the Registrar has not been provided such a letter, or your letter is not complete then you will be denied access to the meeting.

NOTICE OF ANNUAL GENERAL MEETING continued

- 13. As at 17 September 2025 (being the latest practicable business day prior to the publication of this Notice), the Company's ordinary issued share capital consists of 40,528,238 Ordinary Shares, carrying one vote each. As at 17 September 2025, 2,503,651 Shares are held in treasury. Therefore, the total voting rights in the Company as at 17 September 2025 are 38,024,587.
- 14. Under Section 527 of the Companies Act 2006, Shareholders meeting the threshold requirements set out in that section have the right to require the Company to publish on a website a statement setting out any matter relating to: (i) the audit of the Company's financial statements (including the Auditor's Report and the conduct of the audit) that are to be laid before the Meeting; or (ii) any circumstances connected with an auditor of the Company ceasing to hold office since the previous meeting at which annual financial statements and reports were laid in accordance with Section 437 of the Companies Act 2006 (in each case) that the Shareholders propose to raise at the relevant meeting. The Company may not require the Shareholders requesting any such website publication to pay its expenses in complying with Sections 527 or 528 of the Companies Act 2006. Where the Company is required to place a statement on a website under Section 527 of the Companies Act 2006, it must forward the statement to the Company's auditor not later than the time when it makes the statement available on the website. The business which may be dealt with at the Meeting for the relevant financial year includes any statement that the Company has been required under Section 527 of the Companies Act 2006 to publish on a website.
- 15. Any Shareholder have the right to attend the Meeting has the right to ask questions. The Company must cause to be answered any such question relating to the business being dealt with at the Meeting but no such answer need be given if: (a) to do so would interfere unduly with the preparation for the Meeting or involve the disclosure of confidential information; (b) the answer has already been given on a website in the form of an answer to a question; or (c) it is undesirable in the interests of the Company or the good order of the Meeting that the question be answered. Should you have any questions regarding the business of the meeting, please email the Board or Manager on ir@mlcapman.com.
- 16. Copies of the Directors' letters of appointment or service contracts are available for inspection on the Company's website and during normal business hours at the registered office of the Company on any business day from the date of this Notice until the conclusion of the Meeting.
- 17. A person to whom this notice is sent who is a person nominated under Section 146 of the Companies Act 2006 to enjoy information rights (a "Nominated Person") may, under an agreement between him/her and the Shareholder by whom he/she was nominated, have a right to be appointed (or to have someone else appointed) as a proxy for the AGM. If a Nominated Person has no such proxy appointment right or does not wish to exercise it, he/she may, under any such agreement, have a right to give instructions to the Shareholder as to the exercise of voting rights.
 - The statements of the rights of members in relation to the appointment of proxies in note 2 above do not apply to a Nominated Person. The rights described in this note can only be exercised by registered members of the Company.
- 18. You may not use any electronic address (within the meaning of Section 333(4) of the Companies Act 2006) provided in either this Notice or any related documents (including the form of proxy) to communicate with the Company for any purposes other than those expressly stated.
- 19. A copy of this Notice, and other information required by Section 311A of the Companies Act 2006, can be found on the Company's website at www.mlcapman.com/manchester-london-investment-trust-plc.
